

Avalon Advanced Materials Don Bubar on the Acceleration of the Separation Rapids Lithium Project

written by InvestorNews | August 4, 2022

In this InvestorIntel interview with host Tracy Weslosky, [Avalon Advanced Materials Inc.](#)'s (TSX: AVL | OTCQB: AVLNF) President, CEO and Director Don Bubar talks about their lithium extraction technology and about securing a [\\$3M convertible security funding](#) to accelerate Separation Rapids Lithium Project.

In the interview, which can also be viewed in full on the InvestorIntel YouTube channel ([click here to access InvestorChannel.com](#)), Don starts, "We've been in this space for 25 years...while 25 years ago was a bit early for battery materials, we knew it would have a day and that day has finally come." Don also provides an update on reactivating Avalon's East Kemptville Tin Project which "was the only ever primary tin producer in North American history." Emphasizing how tin has emerged as a very important technology metal due to its growing usage in many technology applications, Don talks about Avalon creating a new supply.

This interview, which was produced by InvestorIntel Corp., (IIC), does not contain, nor does it purport to contain, a summary of all the material information concerning the “Company” being interviewed. IIC offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This presentation may contain “forward-looking statements” within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of the management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company’s business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as

assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company's financial condition or results of operations may negatively impact the value of its securities. Prospective investors are urged to review the Company's profile on Sedar.com and to carry out independent investigations in order to determine their interest in investing in the Company.
