

Chris Berlet on the benefit of MineralPrices' real-time pricing information

written by InvestorNews | March 13, 2024

In this interview with Tracy Weslosky during PDAC 2024, Christopher Berlet, President and CIO of MineralPrices.com discussed the current trends and future directions of the metals market. Christopher deep dives into the intricacies of mineral pricing and the scarcity of reliable sources for such data, underpinning MineralPrices.com mission to fill this gap.

As an industry expert, particularly in managed funds and precious metals like gold, Christopher expressed an optimistic outlook for precious metals, including both gold and silver.

The conversation further expanded into the critical minerals domain, where Christopher discussed the evolving landscape shaped by global policies and the varied critical mineral lists curated by different nations. Christopher expressed a keen interest in scandium and niobium due to their applications in lightweighting. Additionally, he discussed the market trends towards transparency and the beneficial role of electronic platforms in providing comprehensive, real-time pricing information and facilitating responsible sourcing.

This interview, which was produced by InvestorNews Inc. ("InvestorNews"), does not contain, nor does it purport to contain, a summary of all material information concerning the Company, including important disclosure and risk factors associated with the Company, its business and an investment in its securities. InvestorNews offers no representations or warranties that any of the information contained in this interview is accurate or complete.

This interview and any transcriptions or reproductions thereof (collectively, this "presentation") does not constitute, or form part of, any offer or invitation to sell or issue, or any solicitation of any offer to subscribe for or purchase any securities in the Company. The information in this presentation is provided for informational purposes only and may be subject to updating, completion or revision, and except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any information herein. This presentation may contain "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements are based on the opinions and assumptions of the management of the Company as of the date made. They are inherently susceptible to uncertainty and other factors that could cause actual events/results to differ materially from these forward-looking statements. Additional risks and uncertainties, including those that the Company does not know about now or that it currently deems immaterial, may also adversely affect the Company's business or any investment therein.

Any projections given are principally intended for use as objectives and are not intended, and should not be taken, as assurances that the projected results will be obtained by the Company. The assumptions used may not prove to be accurate and a potential decline in the Company's financial condition or

results of operations may negatively impact the value of its securities. This presentation should not be considered as the giving of investment advice by the Company or any of its directors, officers, agents, employees or advisors. Each person to whom this presentation is made available must make its own independent assessment of the Company after making such investigations and taking such advice as may be deemed necessary. Prospective investors are urged to review the Company's profile on SedarPlus.ca and to carry out independent investigations in order to determine their interest in investing in the Company.
