InvestorTalk Alert: Brent Willis from Voyageur Pharmaceuticals Ltd. to host on Tuesday, March 31, 2026

written by InvestorNews | March 30, 2026

InvestorNews.com is pleased to announce an upcoming InvestorTalk scheduled for tomorrow, **Tuesday, March 31, 2026, at 9:00 AM EST**, featuring **Brent Willis, President, CEO, and Director, Voyageur Pharmaceuticals Ltd. (TSXV: VM)**. To participate in this engaging discussion, please email tracy@investornew.com to **RSVP**.

Voyageur is focused on developing barium and iodine Active Pharmaceutical Ingredients (API) and imaging contrast agents. The Company is advancing five Health Canada-licensed barium contrast products and plans to partner with third-party GMP pharmaceutical manufacturers in Canada to generate initial cash flow and secure global regulatory validation. Over time, Voyageur aims to transition into a high-margin domestic manufacturer of radiology drugs. Central to its strategy is its 100% owned Frances Creek barium sulfate project, which hosts high-grade material suitable for pharmaceutical use. Voyageur's vertically integrated approach—from raw material sourcing to final product—targets improved quality and cost efficiency in contrast media production.
