InvestorTalk Alert: Brian Leeners from Homerun Resources Inc. to host on Thursday, March 26, 2026

written by InvestorNews | March 25, 2026

InvestorNews.com is pleased to announce an upcoming InvestorTalk scheduled for tomorrow, **Thursday, March 26, 2026, at 9:00 AM EST**, featuring **Brian Leeners, CEO and Director, Homerun Resources Inc. (TSXV: HMR | OTCQB: HMRFF)**. To participate in this engaging discussion, please email tracy@investornew.com to **RSVP**.

Homerun is developing a silica-focused platform spanning four verticals: silica, solar, energy storage, and energy solutions. The company is anchored by a high-purity, low-iron silica resource in Bahia, Brazil, which supports the production of materials for clean energy applications. Its silica segment focuses on securing and processing supply for uses such as solar glass and advanced materials. The solar segment includes plans for a 1,000 tonne-per-day solar glass plant and development of antimony-free solar glass. In energy storage, Homerun is advancing silica-based thermal storage technologies for industrial heat applications. Its energy solutions segment includes AI-enabled energy management systems and electrification solutions designed for commercial and industrial users.

In preparation for tomorrow's InvestorTalk, here are some recent news releases from Homerun Resources for your review, which are listed below:

- March 24, 2026 – Homerun Resources Inc. Announces Binding Distribution Agreement with Cristal Sand Group, Securing First Commercial Sales of High-Purity Industrial Silica Sand from Santa Maria Eterna – click here
- March 22, 2026 – Homerun Resources Inc. to Participate in Water Tower Research Fireside Chat on March 24, 2026 – click here
- March 10, 2026 – Homerun Resources Inc. and UC Davis Produce Fused Silica Glass from SME Silica Sand Using Fast Joule Heating and File Patent Application for Femtosecond Silica Purification Process – click here
- March 3, 2026 – Homerun Resources Inc. Signs Commercial Letter of Intent with Jundu Ltda. for the Supply, Extraction and Primary Processing of High-Purity Silica Sand – click here

We found the March 24th news release titled, "*Homerun Resources Inc. Announces Binding Distribution Agreement with Cristal Sand Group, Securing First Commercial Sales of High-Purity Industrial Silica Sand from Santa Maria Eterna*" particularly noteworthy and here are 5 key data points from it:

- **Binding Commercial Sales Agreement** – Homerun Resources Inc. signed a **binding Sales Distribution Contract** with Cristal Sand Group Ltda. for high-purity industrial silica sand from its Santa Maria Eterna project.
- **First Revenue Milestone** – The agreement represents **Homerun's first binding commercial sales contract**, marking its transition from project development to **revenue-generating operations**.
- **Exclusive 12-Month Distribution** – Cristal Sand receives **12-month market exclusivity** within a defined segment, with initial minimum annual volumes and potential to scale

deliveries over time.

- **Targeting Premium Construction Market** – The silica sand will be supplied into the **Brazilian luxury construction sector**, with Cristal Sand committing to marketing efforts to position the product in high-end applications.
- **Growing Commercial Pipeline** – In parallel with this agreement, Homerun reports **strong inbound interest and RFP activity** from additional customers evaluating its silica sand for broader industrial uses.
