

# InvestorTalk Alert: Jason Bahnsen from Happy Creek Minerals Ltd. to host on Wednesday, October 1, 2025

written by InvestorNews | September 30, 2025

InvestorNews.com is pleased to announce an upcoming InvestorTalk scheduled for tomorrow, Wednesday, October 1, at 9 AM EST, featuring Jason Bahnsen, President, CEO, and Director, [Happy Creek Minerals Ltd.](#) (TSXV: HPY). To participate in this engaging discussion, please [click here](#)

Happy Creek Minerals is focused on making new discoveries and building resources in proximity to infrastructure on the Company's 100-percent-owned portfolio of diversified metals projects in British Columbia. Projects include the high-grade Fox Tungsten deposit, the Silverboss molybdenum-copper-gold-silver project adjacent to Glencore's closed Boss Mountain molybdenum mine and the adjacent Hen-Art-DL gold and silver project. On November 7, 2024, Happy Creek announced the closing of the sale of the Highland Valley Copper Project to Metal Energy Corp. (TSX:V MERG) ("Metal Energy"). Happy Creek holds 9.9% of Metal Energy issued capital and up to a 2.5% Net Smelter Return royalty on the Highland Valley mineral claims.

In preparation for tomorrow's InvestorTalk, here are some recent news releases from Happy Creek Minerals for your review, which are listed below:

- September 11, 2025 – Happy Creek Announces the Start of Drilling at the Fox Tungsten Project – [click here](#)

- August 29, 2025 – Happy Creek Announces Appointment of Director – [click here](#)
- August 18, 2025 – Happy Creek Announces Closing of Oversubscribed \$3.75 Million Financing to Advance the Fox Tungsten Project – [click here](#)

We found the September 11<sup>th</sup> news release titled, “*Happy Creek Announces the Start of Drilling at the Fox Tungsten Project*” particularly noteworthy and here are 5 key data points from it:

- **Drill Program Launched** – Happy Creek has commenced a 10,000 metre diamond drilling program at the Fox Tungsten Project in the South Cariboo district, British Columbia.
- **High-Grade Deposit** – The Fox Project hosts one of the highest-grade tungsten deposits globally, positioned to be a significant supplier to the North American critical metals market.
- **Existing Resource Estimate** – The 2018 NI 43-101 resource includes 582,400 tonnes at 0.83% WO<sub>3</sub> (Indicated) and 565,400 tonnes at 1.23% WO<sub>3</sub> (Inferred).
- **Drill Program Details** – The 2025/2026 program targets up to 100 drill holes across multiple zones, focusing on step-out drilling at the RC zone and between the RC and BN zones, with assays to be reported as available.
- **Company Portfolio** – Beyond Fox Tungsten, Happy Creek’s 100%-owned projects include the Silverboss molybdenum-copper-gold-silver project, the adjacent Hen-Art-DL gold-silver project, and a retained 9.9% stake plus up to 2.5% NSR royalty in Metal Energy Corp. following the sale of the Highland Valley Copper Project.
