InvestorTalk Alert: Robin Dunbar from Grid Metals Corp. to host on Tuesday, July 28, 2026, at 9:00 AM EST

written by InvestorNews | July 27, 2026

InvestorNews.com is pleased to announce an upcoming InvestorTalk scheduled for tomorrow, Tuesday, July 28, 2026, at 9:00 AM EST, featuring Robin Dunbar, President, CEO, and Director, Grid Metals Corp. (TSXV: GRDM | OTCQB: MSMGF). To participate in this engaging discussion, please click here

Grid Metals is focused on its Falcon West property, an emerging cesium discovery in southeastern Manitoba located 130 km east of Winnipeg along the Trans-Canada Highway, where highly anomalous cesium and lithium values occur in LCT pegmatites, including the Lucy South dyke. The Company also holds the Makwa nickel-copper-PGM-cobalt property, where Teck can earn up to 70% by spending C$17.3 million, and the Mayville copper-nickel property, which hosts a 32 million tonne NI 43-101 open pit resource grading 0.61% CuEq. Grid owns 75% of the Donner lithium-cesium project, with a 6.8 million tonne resource grading 1.39% Li2O, and holds the Thompson East copper-nickel property, funded under a Boliden option agreement.

In preparation for tomorrow's InvestorTalk, here are some recent news releases from Grid Metals for your review, which are listed below:

- July 20, 2026 – Grid Metals Enters Into Joint Venture Agreement with Avenir Minerals for Falcon West Cesium

Project – click here

- June 9, 2026 – Grid Metals Corp. Provides Update on Makwa Nickel-Copper-PGE Project – click here
- May 5, 2026 – Grid Metals Announces TSX Venture Approval for Thompson East Copper/Nickel Project Earn-In Transaction – click here
- May 5, 2026 – Grid Metals Reports Second Batch of Assays from its Phase 2 Drill Program at Falcon West; Cesium Mineralization Intercepted 75 m North of Lucy South Target Area – click here

We found the June 20th news release titled, "*Grid Metals Enters Into Joint Venture Agreement with Avenir Minerals for Falcon West Cesium Project*" particularly noteworthy and here are 5 key data points from it:

- **Avenir Joins Falcon West JV** – Grid Metals entered into a definitive joint venture agreement with Avenir Minerals, a wholly owned subsidiary of Agnico Eagle Mines, to advance the Falcon West Cesium Property toward resource estimation, development and production.
- **C$3.75M Initial Investment** – Avenir will acquire an initial 15% interest in Falcon West for C$3,750,000 in cash, while Grid retains 85% and remains operator of the project.
- **Avenir Can Increase Project Stake** – Avenir has an option to acquire an additional 15% interest, taking its total project interest to 30%, after completion of a PEA or adoption of a mine plan.
- **Potential Equity Position in Grid** – Following publication of a NI 43-101 mineral resource estimate for Falcon West, Avenir may subscribe for up to 19.99% of Grid's issued and outstanding common shares, including its current holdings.

- **Near-Term Resource Estimate Planned** – The JV's near-term goal is to establish a resource estimate for Falcon West based on near-surface cesium mineralization identified at the Lucy South pegmatite, followed by metallurgical and ore sorting testwork.
