InvestorNews.com is pleased to announce an upcoming InvestorTalk scheduled for tomorrow, **Wednesday, April 8, 2026, at 9:00 AM EST**, featuring **Stephen Gray, President, CEO, and Director, Fox Tungsten Ltd. (TSXV: FOXT)**. To participate in this engaging discussion, please email tracy@investornew.com to **RSVP**.

Fox Tungsten is focused on making new discoveries and building resources in proximity to infrastructure on the Company's 100-percent-owned portfolio of diversified metals projects in British Columbia. Projects include the high-grade Fox Tungsten deposit, the Silverboss molybdenum-copper-gold-silver project adjacent to Glencore's closed Boss Mountain molybdenum mine and the adjacent Hen-Art-DL gold and silver project. On November 7, 2024, Fox Tungsten announced the closing of the sale of the Highland Valley Copper Project to Metal Energy Corp. (TSX:V MERG) ("Metal Energy"). Fox Tungsten holds 2,347,220 common shares of Metal Energy. Fox Tungsten is committed to responsible mineral resource development. The Company's priority is to build and sustain mutually beneficial relationships with Indigenous Communities in the territories in which the Company explores.

We found the March 24th news release titled, "*Fox Tungsten Announces Bought Deal Private Placement for Gross Proceeds of C$11M*" particularly noteworthy and here are 5 key data points from it:

- **C$11M Bought Deal Financing Announced** – Fox Tungsten Ltd. launched a bought deal private placement to raise approximately C$11.1 million, led by Stifel Nicolaus Canada and PowerOne Capital Markets.
- **Structured Offering with Upsize Option** – The financing includes hard dollar units (C$0.165) and charity flow-through units (C$0.24), each with half-warrants at C$0.22 (36 months), plus an additional C$1.65M over-allotment option.
- **Exposure to High-Grade Tungsten Asset** – Proceeds will advance the 100%-owned Fox Tungsten Project, described as one of the highest-grade tungsten resources globally, strategically positioned in British Columbia.
- **2026 Exploration Program to Drive Growth** – Funding supports an expanded 2026 drill program aimed at growing the resource and advancing toward a Preliminary Economic Assessment (PEA).
- **Strategic Critical Metals Positioning** – The project is positioned to help address the Western tungsten supply deficit, with strong infrastructure access and additional upside from nearby polymetallic assets.
