Peter Cashin on Imperial Mining's newly discovered high-grade scandium zone

written by InvestorNews | January 12, 2023
Chris Thompson interviews Imperial Mining Group Ltd.'s (TSXV: IPG | OTCQB: IMPNF) CEO and President Peter Cashin about an update on their Crater Lake Project in Quebec. Speaking about their newly discovered high-grade scandium zone, Peter explains how the discovery will positively impact the economics of the Crater Lake Project.

Peter goes on to provide an update on their collaboration agreement with Développement Economique Sept-îles Inc to establish Imperial Mining's scandium, rare earths and scandium-aluminum master alloys facility within the boundaries of the City of Sept-Iles. Recognized as a critical mineral in the US, Canada, Australia, and EU, Peter discusses how adding very small quantities of scandium to aluminum increases strength by up to 800%. Peter also provides an update on Imperial Mining's recently closed private placement which added new high net worth international investors as shareholders.
