

# Peter Clausi on CBLT's M&A strategy and portfolio of critical minerals and gold assets in Canada

written by InvestorNews | October 17, 2023

In a recent InvestorNews interview with host Tracy Weslosky, [CBLT Inc.](#)'s (TSXV: CBLT) CEO, President, and Director Peter Clausi provides insights into CBLT's multifaceted approach and commitment to strategic mergers and acquisitions (M&A), and value creation in the exploration industry.

Peter discussed how CBLT is focused on acquiring undervalued assets and strategically positioning them for growth. This involves acquiring assets that have temporarily fallen out of favor, improving or waiting for them to regain value, and then selling or partnering with other companies to take them to the next level.

CBLT's extensive portfolio comprises over a dozen projects and deals, each chosen for specific reasons. One project of particular interest was Falcon Gold Mine, a former producer with impressive historical gold grades. Peter discussed that CBLT's acquisition of this property was strategic, as it united three neighboring properties with the Garson Fault running through all of them.

Peter mentioned some noteworthy successes and highlighted projects like the Chilton Cobalt Property in Quebec and the Big Duck Lake Project at Hemlo West Camp in Ontario, both brimming with potential. Their involvement in the River-Cat Lake pegmatite field in Manitoba, adjacent to Canada's only currently

producing lithium mine, also promises exciting prospects.
