

Mark Vanry on Low-Cost O&G Growth and Wedgemount Resources' Competitive Technology

written by InvestorNews | August 11, 2023

In an InvestorNews interview hosted by Tracy Weslosky and featuring Mark Vanry, President, CEO, and Director of [Wedgemount Resources Corp.](#) (CSE: WDGY | OTCQB: WDGRF), key insights were shared about the company's O&G deal flow and production objectives.

Mark emphasized Wedgemount's focus on raising production and discussed recent acquisitions in Central Texas, which have contributed to their current production rate. Highlighting the company's cost-effective approach to growing production, he highlights significantly lower than industry averages.

The company's financial strength was underlined, as they raised over \$3 million through private placements and warrant conversions, deploying these funds to the field. Wedgemount's cash balance and positive operating cash flow from their existing production provide a solid foundation for further acquisitions and growth optimization.

Mark discussed the company's proprietary chemical technology, tailored for treating oil and gas reservoirs to enhance production. This technology has demonstrated remarkable success, resulting in an average production increase. To access the complete interview, [click here](#)
