5-Data Points from the most recent news release on June 25, 2024 titled, *Austin Gold Provides Update on Exploration Activities*:

1. **Lone Mountain Project Sampling Program:** Austin Gold is planning a significant soil and stream sediment sampling

program at their Lone Mountain Project near the Carlin gold district in Elko County, Nevada, scheduled for early summer.

2. **Stockade Mountain Project Drilling:** The company is moving forward with a “Plan of Operations” at the Stockade Mountain Project in Malheur County, Oregon, to allow greater flexibility in drill site placement, following encouraging results from the 2023-2024 winter drilling program.
3. **Kelly Creek Project Agreement:** Austin Gold has renegotiated the Option to Joint Venture Agreement on the Kelly Creek Project in Humboldt County, Nevada, extending the date required to earn a 51% interest by two years.
4. **Reverse Circulation Drilling Program:** The company plans to continue exploration at Stockade Mountain with a reverse circulation drilling program, focusing on high-grade vein systems.
5. **Funding:** Austin Gold is fully funded for all the planned exploration programs at the Lone Mountain, Stockade Mountain, and Kelly Creek projects.
