In a recent InvestorIntel interview, Peter Clausi speaks with David Morgan of The Morgan Report, about investing in silver, the silver market and the source of the rising demand.

In this InvestorIntel interview, which may also be viewed on YouTube (click here to subscribe to the InvestorIntel Channel), David went on to say that he is bullish on silver and also commented on the gold to silver ratio. He said, "It is good for looking at long term trends and preview what you might use as an exit strategy." He further added, "Gold has outperformed at this time, but silver is catching up and will continue to outperform."

"Based on our current economic situation globally you should have some physical metal," David commented. "Then you gain leverage by going into mining equities. A lot silver stocks have done quite well."
