

Signature Prospector on the rise of interest in gold

written by InvestorNews | March 28, 2018

March 28, 2018 – “Signature’s team has been in this business for a long time, specifically the gold sector. We have been involved in projects that have been world-class.” states John Leliever, Prospector and Founder of [Signature Resources Ltd.](#) (TSXV: SGU | OTCQB: SGGTF), in an interview with InvestorIntel’s Jeff Wareham.

Jeff Wareham: John you are a third generation prospector. You have seen a lot. What do you think of the market right now?

John Leliever: Prospectors are a dying breed that is for sure. The market, in my lifespan, and I am sure in my family’s lifespan, this is probably the toughest they have been that I can ever remember. The survivors are the ones that keep their nose to the grindstone and just plug away and do not give up.

Jeff Wareham: On that note you just put in your most recent press release says that the weather is terrible and in northern Ontario and it is tough to get a plane up to do your surveys. But, what good news can we look for from Signature over the next few months?

John Leliever: I am very optimistic that this is going to be Signature’s year to actually break through all the negative that the industry has been experiencing. I think we are going to see an interest in our sector. In the gold sector I think we are going to see personally some interest in our company and the future that we have laid out. As far as the plans, we have not announced all our plans at this point in time, but I would say that within the next 6 months Signature should be very active

and making news.

Jeff Wareham: You have got a great historic resource and an incredible property package. Is the plan to try and prove up those ounces or confirm that?

John Leliever: Absolutely. We have 234,000 historical ounces already indicated. Our goal initially is to double that, possibly even improve on doubling that over the next 6 to 12 months. We have a huge blue sky opportunity with the greenstone belt to the west and the opportunities that we believe will be presented from the airborne survey results and exploring on that.

Jeff Wareham: We talked about the challenges in the market. There is a lot of junior mining companies struggling to find investors. Why should somebody choose Signature?

John Leliever: Signature's team has been in this business for a long time, specifically the gold sector. We have been involved in projects that have been world-class. Not necessarily at the management level, but involved with those projects. We understand world-class projects, that grassroots can evolve into a little bit more advanced stage and take it to a level where some senior mining companies would be interested in our project. I think that we have the talent to get it there and get it there in a shorter period of time than a true grassroots company...to access the complete interview, [click here](#)
