

BLOC President and CEO Shidan Gouran Selected to Lead an Educational Session at Major CES 2019 Event

written by Raj Shah | August 7, 2018

✘ August 7, 2018 ([Source](#)) – *Recognized for his in-depth expertise with blockchain technology and the consumer electronics industry, BLOC's President and CEO Shidan Gouran has been asked to present about applications of blockchain technology in the media and consumer electronics sectors at the Digital Money Forum event at the Consumer Electronics Show in Las Vegas in January. The Company will also have a booth at the conference, giving it additional exposure to an influential group of consumer electronics industry professionals.*

GLOBAL BLOCKCHAIN TECHNOLOGIES CORP. (CSE: BLOC, BLOC.CN, BLOC.CNX) (FSE: BWSP) (OTC: BLKCF) ("BLOC" or the "Company") is pleased to announce that its President and CEO Shidan Gouran has been asked to present a tutorial session at the Digital Money Forum event at the Consumer Electronics Show (CES) in January of 2019, in Las Vegas, Nevada. This session will explore the applications of blockchain technology in the consumer electronics industry, as well as the media industry – which are relatively under-explored areas of blockchain technology use.

The Company will also have a booth at the CES conference, which had a total attendance of more than 182,000 last year. With an abundance of technology industry personnel, as well as members of the media in attendance, BLOC's presence at CES will enable it to amplify its accomplishments to date, further position itself as a leader in blockchain, and procure new business

relationships with conference attendees. At the event, the Company will make several announcements relating to its latest developments. This will include initiatives in the media, and consumer electronics industry.

“As BLOC makes strides into the consumer electronics world with blockchain applications, presenting and exhibiting at CES will be amazing for us”, said Shidan Gouran – President and CEO of the Company. “While we are primarily attending to teach, with our session at the Digital Money Forum event, we are just as much attending to learn – which we very much look forward to doing with countless thousands of active members of the consumer electronics industry, who we look forward to hearing from.”

Robin Raskin, Founder of Living in Digital Times, states “Now in its 5th year, The Digital Money Forum at CES™ is dedicated to curating the freshest voices and talent in the rapidly changing world of blockchain technology. Global Blockchain’s commitment to the entertainment space as well as the maturing mining space makes CEO Shidan Gouran, an important voice to be heard.”

On behalf of the Company:
Shidan Gouran, President and CEO

About Global Blockchain Technologies Corp.

The Company provides investors access to a basket of direct and indirect holdings within the blockchain space, managed by a team of industry pioneers and early adopters of all major cryptocurrencies.

The Company is focused on streamlining the currently arduous, lengthy, and complicated process that interested investors must undergo in order to gain exposure to the cryptocurrency space, with a view to becoming the first vertically-integrated originator and manager of top tier blockchains and digital

currencies.

BLOC is listed on the Canadian Securities Exchange (“CSE”) and its common shares trade under the ticker symbol “BLOC.” Additional information relating to BLOC is available on SEDAR at www.sedar.com, the CSE at www.theCSE.com, as well as on the Company’s website at www.globalblockchain.io.

About Living in Digital Times

About CES

CES® is the world’s gathering place for all who thrive on the business of consumer technologies. It has served as the proving ground for innovators and breakthrough technologies for 50 years-the global stage where next-generation innovations are introduced to the marketplace. As the largest hands-on event of its kind, CES features all aspects of the industry. Owned and produced by the Consumer Technology Association (CTA)™, it

attracts the world's business leaders and pioneering thinkers. Check out [CES video highlights](#). Follow CES online at [CES.tech](#) and on [social](#).

Cautionary Note Regarding Forward-Looking Information

This news release contains "forward-looking information" within the meaning of applicable securities laws. Generally, any statements that are not historical facts may contain forward-looking information, and forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or indicates that certain actions, events or results "may", "could", "would", "might" or "will be" taken, "occur" or "be achieved". Forward-looking information includes, but is not limited to the Company's goal of streamlining the current arduous, lengthy and complicated process that interested investors need to undergo in order to gain exposure to the cryptocurrency space with a view to becoming the first vertically integrated originator and manager of top-tier blockchains and digital currencies. The Company has no assets and its business plan is purely conceptual in nature and there is no assurance that it will be implemented as set out herein, or at all. Forward-looking information is based on certain factors and assumptions the Company believes to be reasonable at the time such statements are made, including but not limited to: statements and expectations regarding the ability of the Company to (i) successfully engage senior management with appropriate industry experience and expertise, (ii) gain access to and acquire a basket of cryptocurrency assets and pre-ICO and ICO financings on favourable terms or at all, (iii) successfully create its own tokens and ICO's, and (iv) execute on future M&A opportunities in the cryptocurrency

space; receipt of required regulatory approvals; the availability of necessary financing; permitting and such other assumptions and factors as set out herein. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information, including but not limited to: risks related to changes in cryptocurrency prices; the estimation of personnel and operating costs; general global markets and economic conditions; risks associated with uninsurable risks; risks associated with currency fluctuations; competition faced in securing experienced personnel with appropriate industry experience and expertise; risks associated with changes in the financial auditing and corporate governance standards applicable to cryptocurrencies and ICO's; risks related to potential conflicts of interest; the reliance on key personnel; financing, capitalization and liquidity risks including the risk that the financing necessary to fund continued development of the Company's business plan may not be available on satisfactory terms, or at all; the risk of potential dilution through the issuance of additional common shares of the Company; the risk of litigation. Although the Company has attempted to identify important factors that could cause actual results to differ materially from the forward-looking information set out in this presentation, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date that statements are made and the Company undertakes no obligation to

update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change, except as required by laws. Investors are cautioned against attributing undue certainty to forward-looking statements.
