

Canada Cobalt Announces DTC Eligibility

written by Raj Shah | November 27, 2018

✖ November 27, 2018 ([Source](#)) – Canada Cobalt Works Inc. (TSXV: CCW) (OTCQB: CCWOF) (Frankfurt: 4T9B) (the “Company” or “Canada Cobalt”) is pleased to announce that it has secured DTC eligibility by the Depository Trust Company (“DTC”) for its shares traded on the OTC Market Group Inc.’s OTCQB Venture Market in the United States, under the symbol “CCWOF” effective November 26, 2018.

The DTC is a subsidiary of the Depository Trust & Clearing Corporation and manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through DTC are considered “DTC eligible.” This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers, enabling the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements. Being DTC eligible is expected to greatly simplify the process of trading and transferring the Company’s common shares on the OTCQB.

DTC is focused on creating liquidity and stability in the global capital markets by providing electronic clearance and settlement of equity trades. Having access to DTC services gives the Company greater exposure to the capital markets while at the same time offers various services including greater transparency of the Company’s shares.

About Canada Cobalt Works Inc. www.canadacobaltworks.com

Canada Cobalt is a pure play cobalt company focused on its past producing Castle mine in the Northern Ontario Cobalt Camp, Canada's most prolific cobalt district. With underground access at Castle, a recently installed pilot plant to produce cobalt-rich gravity concentrates on site, and a proprietary hydrometallurgical process known as Re-20X for the creation of technical grade cobalt sulphate as well as nickel-manganese-cobalt (NMC) formulations, Canada Cobalt is strategically positioned to become a vertically integrated North American leader in cobalt extraction and recovery.
