About Cobalt Blockchain Inc.

Cobalt Blockchain Inc. (TSX-V: COBC; OTCQB: COBCF) is a Canadian resource company expanding its exploration and development business to include cobalt assets in the Democratic Republic of the Congo (“DRC”). Through its wholly owned DRC subsidiary it holds processing and export licenses for tin, tantalum, tungsten, copper and cobalt. COBC is the first mining and mineral trade company set up specifically to procure cobalt in compliance with the Organisation for Economic Co-operation and Development (“OECD”) due diligence framework. COBC and its partners have developed and are implementing a blockchain-based traceability and reporting platform to provide greater certainty of provenance and further assurance that all minerals procured are ethically-sourced. Senior management have over twelve years of experience working in the DRC and a proven international track record in exploration success and the trading of certified conflict-free, child-labour-free minerals.
