

Coniagas Announces MCTO Status

written by Raj Shah | July 9, 2025

July 9, 2025 ([Source](#)) – **Coniagas Battery Metals Inc. (TSXV: COS)** (“**Coniagas**” or the “**Company**”), is providing this bi-weekly update on the status of the management cease trade order issued May 1, 2025 (the “**MCTO**”) concerning the delay of the filing of its annual financial statements in respect of its year ended December 31, 2024, its management discussion and analysis relating to its annual financial statements, and the CEO and CFO certifications (Collectively the “**Annual Filings**”). The Company announces that its principal regulator, the British Columbia Securities Commission, has granted an extension to the existing management cease trade order granted on May 1, 2025 (the “**MCTO**”) from June 30 to July 14, 2025. The MCTO was granted due to a delay in the filing of the audited consolidated financial statements for the year ended December 31, 2024, annual management’s discussion and analysis for the same period and management certification of annual filings (collectively, the “**Filings**”).

Subsequent to the Annual Filings the Company will also be required to file its Q1 interim financial statements in respect of its 3-month period ended March 31, 2025, its management discussion and analysis relating to its 3-month period, and the CEO and CFO certifications (collectively, the “**Interim Filings.**”)

The MCTO will stay in effect until both the Annual and Interim Filings are filed and the Company intends to satisfy the provisions of the alternative information guidelines in accordance with National Policy 12-203 – *Management Cease Trade Orders* (“**NP 12-203**”) by issuing bi-weekly default status reports in the form of news releases until

the situation is satisfactorily rectified. The MCTO restricts the Company's Chief Executive Officer and the Chief Financial Officer from trading in the Company's securities but does not affect the ability of other shareholders, including the public, to trade in securities of the Company.

The Company confirms that it will continue to satisfy the provisions of the alternative information guidelines under NP 12-203 by issuing bi-weekly default status reporting in the form of news releases for so long as it remains in default of the above noted filing requirements.

About Coniagas Battery Metals Inc.

Coniagas Battery Metals Inc. is a Canadian junior mining company focused on nickel, copper and cobalt and platinum group metals in Québec. Coniagas' strategy is to create value for shareholders through the development of its mineral properties, with the intention to develop Coniagas into a critical metals supplier to the electric vehicle (EV) market.
