written by Raj Shah | December 9, 2025

December 9, 2025 ([Source](#)) – Diagnos Inc. (“**DIAGNOS**” or the “**Company**”) (TSXV: ADK and OTCQB: DGNOF) is pleased to announce the successful closing of its previously announced upsized private placement (the “**Offering**”) of units of the Company (the “**Units**”). A total of 13,337,262 Units, including pursuant to an exercise of the over-allotment option, were sold under the Offering at a price of \$0.30 per Unit (the “**Issue Price**”) for aggregate gross proceeds of \$4,001,178.60.

The Offering was led by Centurion One Capital Corp. as lead agent and sole bookrunner (the “**Lead Agent**”). Borden Ladner Gervais LLP acted as counsel to the Company, and MLT Aikins LLP acted as counsel to the Lead Agent in connection with the Offering.

André Larente, President of the Company commented: “*DIAGNOS is very pleased to announce the closing of this oversubscribed financing. Centurion One Capital anchored the round and brought together an outstanding group of strategic investors. Their world-class team executed flawlessly, allowing us to capitalize on strong investor demand to complete the offering on an upsized basis. The net proceeds will support the advancement of key regulatory initiatives with Health Canada and the FDA, the acceleration of product development, and the expansion of commercial deployments. This additional capital enhances our ability to deliver long-term value to shareholders.*”

Each Unit shall consist of one common share in the capital of the Company (each, a “**Share**”) and one Share purchase warrant (each, a “**Warrant**”). The Shares and Warrants to be issued in connection with the Offering will be subject to a statutory hold period of four (4) months and one day from the date of the closing date in accordance with applicable Canadian securities legislation, which period will end on April 6, 2026. Each Warrant shall entitle the holder thereof to purchase one additional Share at a price of \$0.40 for a period of eighteen (18) months following the Closing Date (as defined herein).

The net proceeds of the Offering will be used for regulatory affairs, product development, business development and general corporate purposes.

In connection with the Offering, the Company paid a cash commission of \$153,974.40, issued 666,863 Units as a corporate finance fee and issued 513,248 broker warrants (the “**Broker Warrants**”). Each Broker Warrant entitles the holder to acquire a Unit at the Issue Price at any time on or before June 6, 2027.

The securities to be issued under the Offering will have a hold period of four months and one day from the Closing Date under applicable Canadian securities laws.

Certain related parties of the Company, namely two (2) directors and one (1) officer, participated in the Offering, acquiring an aggregate of 316,665 Units on the same basis as other subscribers. The participation in the Offering by such related parties of the Company constitutes a “related party transaction” as defined under Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Company is relying on exemptions in MI 61-101 from the formal valuation and minority shareholder approval requirements. The Company relied on Sections 5.5(a) and 5.7(1)(a) of MI 61-101

for exemptions from the formal valuation and minority shareholder approval requirements under MI 61-101 as neither the fair market value of the Units nor the fair market value of the consideration paid for the Units, insofar as it involves the related parties, is more than 25% of the Company's market capitalization.
