

DIAGNOS Announces Voting Results of Meeting of Shareholders

written by Raj Shah | September 26, 2024

September 26, 2024 ([Source](#)) – DIAGNOS Inc. (“DIAGNOS” or the “Corporation”) (TSX Venture: ADK) (OTCQB: DGNOF), a pioneer in early detection of critical health issues through the use of Artificial Intelligence (AI) technologies, announces the voting results of its annual general and special meeting of shareholders held on September 25, 2024.

Election of directors

The following directors were elected to hold office until the closing of the next annual meeting of the shareholders; Mr. André Larente, Mr. Francis Bellido, Mr. Robert Dunn, Mr. Michael Braeuel and Mr. Philippe Couillard.

Appointment of auditor

Raymond Chabot Grant Thornton LLP was re-appointed as auditor of the Corporation for the ensuing year.

Amendment to the stock option plan

The shareholders of the Corporation approved a special resolution pursuant to which the maximum number of common shares of the Corporation that may be issued under the stock option plan (the “Plan”) be set at 12,200,000, representing an increase of 2,000,000 common shares.

Some of the provisions of the Plan were amended to comply with the current version of Policy 4.4 of the TSX Venture exchange. Please refer to the 2024 Management Information Circular of the Corporation available on Sedar+ for the updated version of the

Plan.

The amendments to the Plan remain subject to the TSX Venture acceptance.

About DIAGNOS

DIAGNOS is a publicly traded Canadian corporation dedicated to early detection of critical health problems based on its FLAIRE Artificial Intelligence (AI) platform. FLAIRE allows for quick modifying and developing of applications such as CARA (Computer Assisted Retina Analysis). CARA's image enhancement algorithms provide sharper, clearer and easier-to-analyze retinal images. CARA is a cost-effective tool for real-time screening of large volumes of patients.
