DMG Blockchain Solutions Inc. Announces its First Prefabricated Data Center Colocation Contract

written by Raj Shah | June 16, 2026

June 16, 2026 (Source) — DMG Blockchain Solutions Inc. (TSX-V: DMGI) (OTCQB: DMGGF) (FRANKFURT: 6AX) (**"DMG**" or the "**Company**"), a vertically integrated digital asset and data center technology company, announces it has signed a colocation contract that is ideal for use with its prefabricated data centers (PDCs) located at its Christina Lake, BC site with a contract value of approximately $670K and a term that spans slightly over two-years. The tenant is expected to run AI compute workloads and has an option to add secure Sensitive Compartmented Information Facility (SCIF) services for future projects. The Company expects the PDCs to be ready for service later this calendar year.

Sheldon Bennett, DMG's CEO commented, "We are pleased to have secured our first contract for servers that can be colocated in our PDCs. Ultimately, we expect that at least a portion of our customer base will value the SCIF-rating, and we hope to expand the amount of SCIF-rated data center capacity offered for secure sovereign AI compute applications."

DMG Announces Preliminary Operational Results for May 2026

- Bitcoin mined: 22 BTC (compared to 21 BTC in April 2026)
- Hashrate: 1.52 EH/s (compared to 1.54 EH/s in April 2026)
- Bitcoin balance: 393 BTC (compared to 389 BTC in April

2026)

About DMG Blockchain Solutions Inc.

DMG is a sustainable, vertically integrated digital asset and data center technology company that develops, manages, and operates comprehensive platform solutions to monetize the blockchain and artificial intelligence (AI) ecosystems. The Company's operations are driven by two strategic pillars: Data Center Infrastructure (Core) and Digital Asset Software and Services (Core+). DMG is expanding its platform to include AI and sovereign compute solutions, supporting government, enterprise and research organizations across Canada.

Cautionary Note Regarding Forward-Looking Information

This news release contains forward-looking information or statements based on current expectations. Forward-looking statements contained in this news release include the Company's strategy for growth, the planned monetization of certain product and service offerings including its SCIF-rated prefabricated data centers, developing and executing on the Company's products, services and business plans, the launch of products and services, events, courses of action, and the potential of the Company's technology and operations, among others, are all forward-looking information.

Future changes in the Bitcoin network-wide mining difficulty rate or Bitcoin hashrate may materially affect the future performance of DMG's production of bitcoin, and future operating results could also be materially affected by the price of bitcoin and an increase in hashrate mining difficulty.

Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations, or intentions regarding the future. Such information can generally be identified by the use of forward-looking wording such as "may", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company, including but not limited to, market and other conditions, volatility in the trading price of the common shares of the Company, business, economic and capital market conditions; the ability to manage operating expenses, which may adversely affect the Company's financial condition; the ability to remain competitive as other better financed competitors develop and release competitive products; regulatory uncertainties; access to equipment; market conditions and the demand and pricing for products; the demand and pricing of bitcoin; the demand and pricing of AI data centers and usage; security threats, including a loss/theft of DMG's bitcoin; DMG's relationships with its customers, distributors and business partners; the inability to add more power to DMG's facilities; DMG's ability to successfully define, design and release new products in a timely manner that meet customers' needs; the ability to attract, retain and motivate qualified personnel; competition in the industry; the impact of technology changes on the products and industry; failure to develop new and innovative products; the ability to successfully maintain and enforce our intellectual property rights and defend third-party claims of infringement of their intellectual property rights; the impact of intellectual property litigation that could materially and adversely affect the business; the ability to manage working capital; and the dependence on key personnel. DMG may not actually achieve its plans, projections, or expectations. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the demand for its products and services, the ability to successfully develop software, that there will be no regulation or law that will prevent the Company from operating its business, anticipated costs, the ability to secure sufficient capital to complete its business plans, the ability to achieve goals and the price of bitcoin. Given these risks, uncertainties, and assumptions, you should not place undue reliance on these forward-looking statements. The securities of DMG are considered highly speculative due to the nature of DMG’s business. For further information concerning these and other risks and uncertainties, refer to the Company’s filings on www.sedarplus.ca. In addition, DMG’s past financial performance may not be a reliable indicator of future performance.

Factors that could cause actual results to differ materially from those in forward-looking statements include failure to obtain regulatory approval, the continued availability of capital and financing, equipment and/or infrastructure failures, lack of supply of equipment, power and infrastructure, failure to obtain any permits required to operate the business, the impact of technology changes on the industry, the impact of viruses and diseases on the Company’s ability to operate, secure equipment, and hire personnel, competition, security threats including stolen bitcoin from DMG or its customers, consumer sentiment towards DMG’s products, services and blockchain and AI technology generally, failure to develop new and innovative products, litigation, lack of demand for the Company’s products and services, adverse weather or climate events, increase in operating costs, increase in equipment and labor costs, equipment failures, decrease in the price of Bitcoin, failure of counterparties to perform their contractual obligations, government regulations, loss of key employees and consultants, and general economic, market or business conditions. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information. The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Additionally, the Company undertakes no obligation to comment on the expectations of or statements made by third parties in respect of the matters discussed above.
