dynaCERT Invited to Present at the International Investment Forum (IIF)

written by Raj Shah | December 6, 2022

December 06, 2022 (Source) – *dynaCERT* Inc. (TSX: DYA) (OTCQX: DYFSF) (FRA: DMJ) ("*dynaCERT*" or the "Company") is pleased to announce that *dynaCERT* will be presenting at the fifth International Investment Forum ("IIF") on December 7th, 2022.

Jim Payne, CEO of *dynaCERT*, will be presenting at 11:00 am EST, December 7th, 2022.

Board members of listed companies will provide information directly, without distraction and in 30 minutes via Zoom. Questions can be asked via chat and will then be answered live. Investors can hardly be better prepared for an investment.

This is the fifth time that the International Investment Forum (IIF) is being held, bringing together interested investors with selected companies around the world. Participants from all continents are awaited to attend the digital event. IIF is made possible by its partners, Apaton Finance GmbH AG, who also sponsor *dynaCERT*.

Jim Payne, President & CEO of *dynaCERT*, stated, "On behalf of *dynaCERT*, I am looking forward to presenting at the fifth International Investment Forum at 11:00 am EST on December 7th, 2022. As global efforts to reduce the planet's GHG footprint and carbon emission reductions are being prioritized by all our clients and potential clients world-wide, the outlook for our business has never been so good. Our proprietary and patented HydraGEN™ Technology is designed to reduce fuel consumption in

internal combustion engines and reduce Carbon and NOx emissions, so important to providing a global solution to reduce pollution."

All information on the event, a registration option and a schedule can be found at https://ii-forum.com/timetable-5-iif/

About IIF – International Investment Forum

IIF – International Investment Forum – will take place on December 7th, 2022. Companies and their board members present and answer questions from investors via Zoom. The event will start at 9:55 am (CET – Central European Time) 3:55 am (EST – New York Time) and will end at 7:30 pm CET. The event is organized from Germany as a cooperation project between Apaton Finance GmbH and GBC AG.

About *dynaCERT* Inc.

*dyna*CERT Inc. manufactures and distributes Carbon Emission Reduction Technology for use with internal combustion engines. As part of the growing global hydrogen economy, our patented technology creates hydrogen and oxygen on-demand through a unique electrolysis system and supplies these gases through the air intake to enhance combustion, resulting in lower carbon emissions and greater fuel efficiency. Our technology is designed for use with many types and sizes of diesel engines used in on-road vehicles, refrigerated trailers, off-road construction, power generation, mining and forestry equipment, marine vessels and railroad locomotives. READER ADVISORY

Except for statements of historical fact, this news release

contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur. In particular, information relating to Apaton Finance GmbH, GBC AG and International Investment Forum (IIF) cannot be independently verified. Although we believe that the expectations reflected in the forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. We cannot guarantee future results, performance of achievements. Consequently, there is no representation that the actual results achieved will be the same, in whole or in part, as those set out in the forward-looking information.

Forward-looking information is based on the opinions and estimates of management at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking information. Some of the risks and other factors that could cause the results to differ materially from those expressed in the forward-looking information include, but are not limited to: uncertainty as to whether our strategies and business plans will yield the expected benefits; availability and cost of capital; the ability to identify and develop and achieve commercial success for new products and technologies; the level of expenditures necessary to maintain and improve the quality of products and services; changes in technology and changes in laws and regulations; the uncertainty of the emerging hydrogen economy; including the hydrogen economy moving at a pace not anticipated; our ability to secure and maintain strategic relationships and distribution agreements; and the other risk

factors disclosed under our profile on SEDAR at www.sedar.com. Readers are cautioned that this list of risk factors should not be construed as exhaustive.

The forward-looking information contained in this news release is expressly qualified by this cautionary statement. We undertake no duty to update any of the forward-looking information to conform such information to actual results or to changes in our expectations except as otherwise required by applicable securities legislation. Readers are cautioned not to place undue reliance on forward-looking information.

Neither The Toronto Stock Exchange nor its Regulation Services Provider (as that term is defined in the policies of The Toronto Stock Exchange) accepts responsibility for the adequacy or accuracy of the release.
