FendX Announces Issuance of a Patent in China to Protect REPELWRAP(TM) Film

written by Raj Shah | November 1, 2023 November 1, 2023 (Source) - FendX Technologies Inc. (CSE: FNDX) (OTCQB: FDXTF) (FSE: E8D) (the "Company" or "FendX") a nanotechnology company developing surface protection coatings, is pleased to announce that Chinese Patent Number ZL 202080055337.6 has been granted, further strengthening the Company's intellectual property position and coverage for the Company's nanotechnology, its methods and future products.

Dr. Carolyn Myers, CEO of FendX states, "This granted patent demonstrates our commitment to protect our products in development, and in case the of Chinese patent ZL 202080055337.6, to our licensed film nanotechnology and our REPELWRAP[™] film product under development."

Chinese Patent Number ZL 202080055337.6 entitled "Omniphobic Surfaces with Hierarchical Structures, and Methods of Making and Uses Thereof" is licensed exclusively by FendX from McMaster University, relates to the fluoropolymer-containing material that reduces contamination of surfaces by significantly reducing bacteria and virus adhesion and transmission.

About FendX Technologies Inc.

FendX is a Canada-based nanotechnology company focused on developing products to make people's lives safer by reducing the spread of pathogens. The Company is developing both film and spray products to protect surfaces from contamination. The lead product under development, REPELWRAP[™] film, is a protective surface coating film that, due to its repelling properties, prevents the adhesion of pathogens and reduces their transmission on surfaces prone to contamination. The spray nanotechnology is a bifunctional spray coating being developed to reduce contamination on surfaces by repelling and killing pathogens. The Company is conducting research and development activities using its nanotechnology in collaboration with industry-leading partners, including McMaster University. The Company has an exclusive worldwide license to its technology and IP portfolio from McMaster, which encompass both film and spray coating nanotechnology formulations.

ON BEHALF OF THE BOARD

Forward-Looking Statements

This news release contains certain forward-looking statements

within the meaning of Canadian securities legislation, including with respect to: the plans of the Company; statements regarding further strengthening the Company's intellectual property portfolio and coverage for the Company's nanotechnology, its methods and future products; statements regarding patent protection; and products under development and any pathogen reduction benefits related thereto. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are statements that are not historical facts; they are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "aims," "potential," "goal," "objective," "prospective," and similar expressions, or that events or conditions "will," "would," "may," "can," "could" or "should" occur, or are those statements, which, by their nature, refer to future events. The Company cautions that forwardlooking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made and involve several risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and that actual results and future events could differ materially from those anticipated in such statements.

Important factors that could cause future results to differ materially from those anticipated in these forward-looking statements include: product candidates only being in formulation/reformulation stages; limited operating history; research and development activities; dependence on collaborative partners, licensors and others; effect of general economic and political conditions; and other risk factors set forth in the Company's public filings which are available on SEDAR+ at <u>www.sedarplus.ca</u>. Accordingly, the reader is urged to refer to the Company's such filings for a more complete discussion of such risk factors and their potential effects. Except to the extent required by applicable securities laws and the policies of the Canadian Securities Exchange, the Company undertakes no obligation to update these forward-looking statements if management's beliefs, estimates or opinions, or other factors should change.
