

Fineqia Appointed as Investment Advisor for the Digital Asset Blockchain Infrastructure (DABI) AMC

written by Raj Shah | March 18, 2024

March 18, 2024 ([Source](#)) – **Fineqia International Inc.** (CSE: FNQ) (OTC Pink: FNQQF) (FSE: FNQA) (the “**Company**” or “**Fineqia**”), a digital asset investment business, announces its strategic appointment as an investment advisor to Sermont Asset Management (“Sermont”) for its Digital Asset Blockchain Infrastructure (“DABI”) Actively Managed Certificate (“AMC”).

The AMC invests in top infrastructure tokens that have a market capitalisation of about US\$1 billion, and no less than US\$100 million. It focuses on innovation and yield, providing professional investors access to digital assets that are fostering innovation, underpinned by rigorous risk management and compliance protocols. The portfolio is actively managed and rebalanced monthly.

The DABI AMC is offered only to professional investors in the European Union. There is no minimum subscription size, allowing professional investors flexibility to participate in the growing market for digital asset-related infrastructure.

“Our appointment helps Sermont zone in on immediate opportunities within the context of the wider picture of digital assets transforming the finance industry,” said Fineqia’s CEO Bundeep Singh Rangar.

Fineqia will leverage its extensive expertise in digital assets

and access to blockchain founders to contribute valuable insights and strategies to the DABI AMC. With a track record of identifying and capitalising on emerging investment trends, Fineqia will play a pivotal role in shaping the AMC's investment strategies and driving sustainable growth for its investors.

"This partnership marks a significant step forward in our commitment to delivering innovative financial solutions," said Martin Wachter and Volker Zaworka of Sermont AM. "By joining forces with Fineqia, we look forward to leveraging their expertise in navigating the digital asset universe to enhance our services, providing our clients with even greater opportunities and efficiency in the ever-evolving financial landscape."

AMCs are investment vehicles combining features of structured products and actively managed funds. It provides a 'wrapper' for an investment strategy or specific underlying assets. The certificate is sold to investors and the capital is used to implement the strategy.

The agreement signed on February 8th by Fineqia, via its subsidiary Fineqia Ltd, with Sermont marks a significant milestone in the Company's journey toward democratising investment opportunities within the blockchain and digital asset industry.

Forward-Looking Statements:

Some statements in this release may contain forward-looking information (as defined under applicable Canadian securities laws) ("forward-looking statements"). All statements, other than of historical fact, that address activities, events or developments that Fineqia (the "Company") believes, expects or anticipates will or may occur in the future (including, without limitation, statements regarding potential acquisitions and financings) are forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties,

many of which are beyond the Company's ability to control or predict, that may cause the actual results of the Company to differ materially from those discussed in the forward-looking statements. Factors that could cause actual results or events to differ materially from current expectations include, among other things, without limitation, the failure to obtain sufficient financing, and other risks disclosed in the Company's public disclosure record on file with the relevant securities regulatory authorities. Any forward-looking statement speaks only as of the date on which it is made except as may be required by applicable securities laws. The Company disclaims any intent or obligation to update any forward-looking statement except to the extent required by applicable securities laws.
