

# Genesis Acquisition Corp. Announces Qualifying Transaction

written by Raj Shah | August 15, 2025

August 15, 2025 ([Source](#)) – Genesis Acquisition Corp. (TSX.V: REBL) (the “**Company**” or “**Genesis**”), a capital pool company (a “**CPC**”), is pleased to announce it has entered into a letter of intent dated July 23, 2025 (the “**LOI**”) to enter into an arm’s length business combination transaction (the “**Proposed Transaction**”) with Nusa Nickel Corp. (“**Nusa Nickel**”). Nusa Nickel is mineral exploration and production company incorporated under the laws of Ontario that owns and operates a producing lateritic nickel property in Central Sulawesi, Indonesia.

The purpose of the Proposed Transaction is the creation of a public, TSX Venture Exchange-listed, international nickel producing company. The working capital of the combined entity (the “**Resulting Issuer**”), upon completion of the Proposed Transaction and assuming the Minimum Concurrent Financing (as defined herein) will be approximately CDN\$1,950,000, sufficient to support Nusa Nickel’s work program for the next 12 months and the evaluation of new opportunities. The working capital of the Resulting Issuer upon completion of the Proposed Transaction and assuming the Maximum Concurrent Financing (as defined herein) will be approximately CDN\$2,500,000.

Genesis intends that the Proposed Transaction will constitute its Qualifying Transaction, as such term is defined in the policies of the TSX Venture Exchange (the “**Exchange**”). Upon completion of the Proposed Transaction, the Company expects that the Resulting Issuer will be named “Nusa Nickel Corp.” and will

be listed as a Tier 2 mining issuer on the Exchange.

### **Summary of the Qualifying Transaction**

The LOI contemplates Genesis and Nusa Nickel undertaking an arm's length business combination transaction, currently proposed to be completed by way of a "three-cornered amalgamation". The current intention is that Genesis, incorporated under the laws of British Columbia, will incorporate a wholly-owned Ontario subsidiary ("**Subco**"). Genesis, Nusa Nickel and Subco will enter into a definitive agreement (the "**Business Combination Agreement**") pursuant to which Subco and Nusa Nickel would amalgamate and following which the current shareholders of Nusa Nickel would own a majority of the issued and outstanding shares in the capital of the Resulting Issuer (the "**Resulting Issuer Shares**").

Each common share in the capital of Genesis (the "**Genesis Shares**") outstanding immediately prior to the completion of the Proposed Transaction would be split at a ratio of 1.6438 post-split Genesis Shares for every one (1) pre-split Genesis Share (the "**Share Split**"). Each common share in the capital of Nusa Nickel (the "**Nusa Nickel Shares**") outstanding immediately prior to the completion of the Proposed Transaction (other than Nusa Nickel Shares held by shareholders of Nusa Nickel ("**Nusa Nickel Shareholders**") who exercise their dissent rights, if any) is expected to be converted into one (1) issued, fully paid and non-assessable Genesis Share (on a pre-Share Split basis). Upon completion of the Proposed Transaction, and assuming completion of a minimum concurrent financing of \$2,000,000 (the "**Minimum Concurrent Financing**"), former holders of Genesis Shares are anticipated to hold, in the aggregate, 6,000,016 Resulting Issuer Shares representing approximately 10.32% of the outstanding Resulting Issuer Shares, former holders of Nusa Nickel Shares are expected to hold, in the aggregate, 42,112,000

Resulting Issuer Shares, representing approximately 72.47% of the outstanding Resulting Issuer Shares and investors under the Concurrent Financing will hold, in the aggregate, 10,000,000 Resulting Issuer Shares, representing approximately 17.21% of the outstanding Resulting Issuer Shares. Upon completion of the Amalgamation, and assuming a maximum concurrent financing of \$3,000,000 (the "**Maximum Concurrent Financing**") is fully subscribed, former holders of Genesis Shares are anticipated to hold, in the aggregate, 6,000,016 Resulting Issuer Shares representing approximately 9.51% of the outstanding Resulting Issuer Shares, former holders of Nusa Nickel Shares are expected to hold in the aggregate 42,112,000 Resulting Issuer Shares, representing 66.73% of the outstanding Resulting Issuer Shares, and investors under the Concurrent Financing will hold, in the aggregate, 15,000,000 Resulting Issuer Shares, representing approximately 23.77% of the outstanding Resulting Issuer Shares. Based on a deemed price of \$0.20 per share the consideration by the Resulting Issuer for Nusa Nickel is approximately \$8.42 million.

In accordance with the LOI, upon completion of the Proposed Transaction, Genesis stock options will represent no greater than 600,002 Resulting Issuer Shares and Nusa Nickel stock options will represent no greater than 3,000,000 Resulting Issuer Shares. In addition, the Resulting Issuer will have 1,975,000 restricted share units and 26,412,000 common share purchase warrants outstanding. It is also contemplated that there will be compensation warrants issued in connection with the Concurrent Financing, however the number and terms of such warrants have not yet been determined and will be disclosed in a subsequent press release.

The Proposed Transaction must be approved by not less than 66<sup>2/3</sup>% of the votes cast at the meeting (the "**Nusa Nickel Meeting**") of

Nusa Nickel Shareholders held to consider, among other things, the Proposed Transaction. It is currently expected that the Nusa Nickel Meeting will be held in the third quarter of 2025. The parties will also prepare a filing statement in accordance with Exchange policies, a copy of which will be filed on Genesis's profile on the SEDAR+ website at [www.sedarplus.ca](http://www.sedarplus.ca) in due course.

The completion of the Proposed Transaction is subject to the satisfaction of various conditions that are standard for a transaction of this nature, including but not limited to (i) execution of a definitive agreement (the "**Definitive Agreement**") on or prior to September 15, 2025; (ii) the completion of the Minimum Concurrent Financing; (iii) the approval by the shareholders of Nusa Nickel and Genesis (if required), (iv) receipt of all requisite regulatory, stock exchange, court or governmental authorizations and consents, including the Exchange; and (v) the completion of satisfactory due diligence by each of the parties. There can be no assurance that the Proposed Transaction will be completed on the terms proposed above or at all.

Subject to satisfaction or waiver of the condition's precedent referred to herein and in the Definitive Agreement, Genesis and Nusa Nickel anticipate the Proposed Transaction will be completed in November 2025.

Each of Genesis and Nusa Nickel will bear their own costs in respect of the Proposed Transaction.

### **Proposed Concurrent Financing**

Prior to or concurrent with completion of the Proposed Transaction, Nusa Nickel will complete a private placement financing for gross proceeds in the range of CDN\$2,000,000 and CDN\$3,000,000 (the "**Concurrent Financing**"). It is anticipated that the Concurrent Financing will be undertaken through the

issuance of subscription receipts of Nusa Nickel (the “**Subscription Receipts**”) at a price of \$0.20 per Subscription Receipt. Immediately prior to the completion of the Proposed Transaction, the Subscription Receipts would automatically convert into Nusa Nickel Shares and subsequently be exchanged for Resulting Issuer shares as part of the Proposed Transaction. The proceeds raised will be used to fund the costs associated with completing the Proposed Transaction, expanding the production and trading divisions of Nusa Nickel and for general working capital. All securities issued pursuant to the Concurrent Financing will be subject to a hold period of four months and one day. It is not known at this time if any investment dealer or other registrant will be engaged to assist with fund raising activities however it is anticipated that a cash commission will be paid and compensation warrants issued on any funds raised by eligible finders or brokers. Further details concerning the Concurrent Financing will be included in a subsequent press release.

### **Sponsorship of the Qualifying Transaction**

Sponsorship of a “Qualifying Transaction” of a CPC is required by the Exchange unless exempt therefrom in accordance with the Exchange’s policies. There can be no assurance that an exemption or waiver from the sponsorship requirement will be available.

### **Trading Halt**

At the Company’s request, trading in the Genesis’s Shares has been halted by the Exchange. Trading is expected to remain halted until, at the earliest, the completion of the Proposed Transaction.

### **The Resulting Issuer**

Assuming completion of the Minimum Concurrent Financing, it is

estimated that there will be approximately 58,112,016 Resulting Issuer Shares issued and outstanding immediately following closing of the Proposed Transaction, with former Genesis Shareholders holding approximately 10.32% of such Resulting Issuer Shares, former Nusa Nickel Shareholders holding approximately 72.47% of such Resulting Issuer Shares and subscribers under the Concurrent Financing holding approximately 17.21% of such Resulting Issuer Shares.

Assuming completion of the Maximum Concurrent Financing, it is estimated that there will be approximately 63,112,016 Resulting Issuer Shares issued and outstanding immediately following closing of the Proposed Transaction, with former Genesis Shareholders holding approximately 9.51% of such Resulting Issuer Shares, former Nusa Nickel Shareholders holding approximately 66.73% of such Resulting Issuer Shares and subscribers under the Concurrent Financing holding approximately 23.77% of such Resulting Issuer Shares.

## **Disclaimer for Forward-Looking Information**

This press release contains forward-looking statements and information that are based on the beliefs of management and reflect Genesis's current expectations. When used in this press release, the words "estimate", "project", "belief", "anticipate", "intend", "expect", "plan", "predict", "may" or "should" and the negative of these words or such variations thereon or comparable terminology are intended to identify forward-looking statements and information. The forward-looking statements and information in this press release include information relating to the business plans of Genesis, Nusa Nickel, and the Resulting Issuer, the Concurrent Financing, the Proposed Transaction (including Exchange approval and the closing of the Proposed Transaction) and the board of directors and management of the Resulting Issuer upon completion of the Proposed Transaction. Such statements and information reflect the current view of Genesis. Risks and uncertainties that may cause actual results to differ materially from those contemplated in those forward-looking statements and information.

By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

Such factors include, among others, the following risks:

- there is no assurance that the Concurrent Financing will be completed or as to the actual offering price or gross

proceeds to be raised in connection with the Concurrent Financing. In particular, the amount raised may be significantly less than the amounts anticipated as a result of, among other things, market conditions and investor behaviour.

- there is no assurance that Genesis and Nusa Nickel will obtain all requisite approvals for the Proposed Transaction, including the approval of the Genesis Shareholders and Nusa Nickel Shareholders, or the approval of the Exchange for the Proposed Transaction (which may be conditional upon amendments to the terms of the Proposed Transaction);
- following completion of the Proposed Transaction, the Resulting Issuer may require additional financing from time to time in order to continue its operations. Financing may not be available when needed or on terms and conditions acceptable to the Resulting Issuer;
- new laws or regulations could adversely affect the Resulting Issuer's business and results of operations; and
- the stock markets have experienced volatility that often has been unrelated to the performance of companies. These fluctuations may adversely affect the price of the Resulting Issuer's securities, regardless of its operating performance.

There are a number of important factors that could cause Genesis's actual results to differ materially from those indicated or implied by forward-looking statements and information. Such factors include, among others: currency fluctuations; limited business history of Genesis; disruptions or changes in the credit or security markets; results of operation activities and development of projects; project cost overruns or unanticipated costs and expenses, fluctuations in

commodity prices, and general market and industry conditions.

Genesis cautions that the foregoing list of material factors is not exhaustive. When relying on Genesis's forward-looking statements and information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Genesis has assumed that the material factors referred to in the previous paragraph will not cause such forward-looking statements and information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors.
