

Global Energy Metals to Participate in Battery Metals Charity Event Alongside Industry Peers

written by Raj Shah | March 24, 2021

March 24, 2021 ([Source](#)) – [Global Energy Metals Corporation](#) ([TSXV:GEMC](#)) | ([OTC:GBLEF](#)) | ([FSE:5GE1](#)) (“Global Energy Metals”, the “Company” and/or “GEMC”) is pleased to announce that it will be participating in [Adelaide Capital’s second ever pitch battle](#) focused on the battery metals sector. In addition to providing a venue to showcase participating companies’ role within a cleaner, greener future it will also support Adelaide’s very own [Tina Byers’ fundraiser for the Leukemia & Lymphoma Society of Canada](#).

The event will begin at 4:15pm ET on Thursday March 25th.

Participants may register for the Battery Metals Battle and Charity Fundraiser using the following link: [Adelaide Capital Battery Metals Pitch Battle](#)

The event will also be livestreamed to YouTube for those who are not able to access Zoom: [Adelaide Capital – YouTube](#)

Participating companies will donate to the Leukemia & Lymphoma Society of Canada. For attendees who are interested and able to donate please follow this link: <https://bit.ly/3r93cut> (note that the link will not be active until March 25th).

BMAC Invite-Only Working Session

In addition, on March 31st, President & CEO Mitchell Smith will also be representing Global Energy Metals and participating in the [Battery Metals Association of Canada's \(BMAC\)](#) upcoming invite-only virtual working session: Maximizing Canada's battery metals sector—building a thriving “mines to the mobility” supply chain.

Participation is part of the organization's initiatives to further define Canada's role within the battery metals supply chain and identify opportunities for collaboration, research, innovation and investment in order to realize this industry's potential domestically.

The session will bring together industry, academics and government officials to build a collaborative approach and provide content for a white-pape that will support the development of a sector wide eco-system map.

Stockhouse Deal Room

GEMC is utilizing the [Stockhouse Deal Room](#) to streamline the management and paperwork of our previously announced private placement financing and to facilitate the ability of investors to participate in the private placement.

[Click this link to access our page on the Stockhouse Deal Room](#) for more information on the financing, and how to register as a qualified investor and participate in the financing. The investor qualification process and all necessary documents are

handled electronically by an online investment platform via the Stockhouse Deal Room. For further information on this financing, please contact our management team using the details below.

[Global Energy Metals Corporation](#)

(TSXV:GEMC | OTC:GBLEF | FSE:5GE1)

Global Energy Metals is focused on offering investment exposure to the raw materials deemed critical for the growing rechargeable battery market, by building a diversified global portfolio of battery mineral assets including project stakes and sector specific equity positions. GEMC anticipates growing its business through the acquisition and development of battery mineral projects alongside key strategic partners. The Company holds 100% of the Millennium Cobalt Project and two neighbouring discovery stage exploration-stage cobalt assets in Mount Isa, Australia positioning it as a leading cobalt-copper explorer and developer in the famed mining district in Queensland, Australia. The Company holds an 85% interest in two battery mineral projects, the Lovelock Cobalt Mine and Treasure Box Project, located on the doorstep of the world's largest lithium-ion battery production plant, GigaNevada that Tesla Motors Ltd. and partner Panasonic Corp. have built in Nevada, USA. Additionally, the Company holds a 70% interest in the past-producing Werner Lake Cobalt Mine project in Ontario, Canada.

GEMC's operations could be significantly adversely affected by the effects of a widespread global outbreak of a contagious disease, including the recent outbreak of illness caused by COVID-19. It is not possible to accurately predict the impact COVID-19 will have on operations and the ability of others to meet their obligations, including uncertainties relating to the ultimate geographic spread of the virus, the severity of the disease, the duration of the outbreak, and the length of travel and quarantine restrictions imposed by governments of affected countries. In addition, a significant outbreak of contagious

diseases in the human population could result in a widespread health crisis that could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could further affect operations and the ability to finance its operations.

For more information on Global Energy and the risks and challenges of their businesses, investors should review the filings that are available at www.sedar.com.
