

Kontrol Energy Announces U.S. Listing on OTCQB Market Under Symbol KNRLF

written by Raj Shah | February 13, 2019

February 13, 2019 ([Source](#)) – Kontrol Energy Corp. (CSE: KNR) (OTCQB: KNRLF) (FSE:1K8) (the “Company” or “Kontrol”) is pleased to announce that its common shares are now trading on the OTCQB Venture Marketplace (the “OTCQB Venture”), a

US trading platform that is operated by the OTC Markets Group in New York. The Company will trade on the OTCQB Venture under symbol “KNRLF”; the Company’s common shares will continue to trade on the Canadian Securities Exchange under the symbol “KNR” and on the Frankfurt Exchange under symbol “1K8”.

“Listing on the OTCQB Venture is part of a long-term strategy to introduce the Company to a broader audience,” said Paul Ghezzi, CEO Kontrol Energy. “We believe trading on the OTCQB will help us enhance liquidity by providing our current and future US investors with a trading platform.”

The OTCQB Venture is the premier marketplace for entrepreneurial and development stage U.S. and international companies that are committed to providing a high-quality trading and information experience for their US investors. To be eligible, companies must be current in their financial reporting, pass a minimum bid price test, and undergo an annual company verification and management certification process. The OTCQB Venture quality standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and

trading experience for investors.

About Kontrol Energy

Kontrol Energy Corp. (CSE: KNR) (OTCQB: KNRLF) (FSE: 1K8) is a leader in the energy efficiency sector through IoT, Cloud and SaaS technology. With a disciplined mergers and acquisition strategy, combined with organic growth, Kontrol Energy Corp. provides market-based energy solutions to our customers designed to reduce their overall cost of energy while providing a corresponding reduction in Greenhouse Gas (GHG) emissions.

Kontrol Energy was recently announced as the 7th fastest growing Startup in Canada by *Canadian Business* and *Maclean's*.

Caution Regarding Forward Looking Statements:

Certain information included in this press release, including enhancing liquidity by providing the Company's current and future US investors with a trading platform as a result of a OTCQB Venture listing, completed and future acquisitions that will generate considerable revenues for the Company, anticipated annualized revenues, the acceleration of revenue synergies across operating subsidiaries, IoT and Cloud expansion, SaaS technology, completed and future acquisitions that will generate considerable revenues for the Company, information relating to future closings of the Offering, payments of interest, commissions or finders fees, minimization of common equity

dilution, possible future acquisitions and/or investments in operating businesses and/or technologies, accelerated growth, the provision of solutions to customers and Green House Gas emissions reductions, proposed financial savings and sustainable energy benefits and energy monitoring, growth strategy and financial or operating performance and other statements that express the expectations of management or estimates of future performance constitute "forward-looking statements". Where the Company expresses or implies an expectation or belief as to future events or results, such expectation or belief are based on assumptions made in good faith and believed to have a reasonable basis. Such assumptions include, without limitation, that the Offering will be successful, that suitable businesses and technologies for acquisition and/or investment will be available, that such acquisitions and or investment transactions will be concluded, that sufficient capital will be available to the Company, that technology will be as effective as anticipated, that organic growth will occur, and others. However, forward-looking statements are subject to risks, uncertainties and other factors, which could cause actual results to differ materially from future results expressed, projected or implied by such forward-looking statements. Such risks include, but are not limited to, lack of further subscriptions for the Offering, lack of acquisition and investment opportunities or that such opportunities may not be concluded on reasonable terms, or at all, that sufficient capital and financing cannot be obtained on reasonable terms, or at all, that technologies will not prove as effective as expected that customers and potential customers will not be as accepting of the Company's product and service offering as expected, and government and regulatory factors impacting the energy conservation industry. Accordingly, undue reliance should not be placed on forward-looking statements and the forward-looking statements contained in this press release are expressly

qualified in their entirety by this cautionary statement. The forward-looking statements contained herein are made as at the date hereof and the Company does not undertake any obligation to update publicly or revise any such forward-looking statements or any forward-looking statements contained in any other documents whether as a result of new information, future events or otherwise, except as required under applicable securities law.
