written by Raj Shah | October 25, 2018

✖ October 25, 2018 ([Source](#)) – Kontrol Energy Corp. ([CSE:KNR](#), [FSE:1K8](#)), (“Kontrol” or the “Company”) has been selected by one of Canada’s leading real estate asset management firms, to deliver a central heating plant for 4 multi-residential buildings with 425 apartment units. The value of the project is \$1.9 million and will begin immediately with substantial completion anticipated for Q1 of 2019. The central heating plant will be augmented with the addition of a \$400,000 co-generation system in Q2 2019 to further improve efficiency. For industry competitive purposes the Real Estate Asset Manager will not be disclosed.

“Our vertically integrated energy solutions deliver energy savings in real time to improve operating efficiencies, reduce net operating income and increase property valuations,” says Paul Ghezzi, CEO Kontrol Energy.

In addition to the central heating plant, Kontrol will provide its real-time energy management system to manage the energy demand and consumption of each of the multi-residential buildings.
