Kontrol Energy's Operating Subsidiary CEMSI Receives $1.1 Million Emissions Analyzer Order from Global Cement Company

written by Raj Shah | October 29, 2018

October 29, 2018 (Source) – **Kontrol Energy Corp.** (**CSE: KNR**, **FSE: 1K8**), ("**Kontrol**" or the "**Company**") is pleased to announce that its leading emission integration operating subsidiary has received a new $1.1 Million CAD order from a global cement company. The Emission Analyzer delivers ongoing regulatory compliance and process data to meet strict government requirements and reduce fuel and energy costs associated with production. CEMSI, acquired in September 2018, is a recognized leading integrator of turn-key continuous emissions and process monitoring equipment solutions, servicing the Canadian and U.S. market. Currently, up to 40% of CEMSI's revenues are recurring under multi-year service agreements.

"This is a significant new order for the CEMSI operating team and adds to a growing vertical line of business in emissions compliance," says Paul Ghezzi, CEO Kontrol Energy.

For industry competitive purposes the global cement company will not be disclosed.

"With the addition of CEMSI to the Kontrol operating group we have added revenue and earnings by acquisition, but also an exciting opportunity to expand organic growth in both the USA and global markets," continues Paul Ghezzi, CEO Kontrol Energy.

About Kontrol Energy

Kontrol Energy Corp. (CSE: KNR, FSE: 1K8) is a leader in the energy efficiency sector through IOT, Cloud and SaaS technology. With a disciplined mergers and acquisition strategy, combined with organic growth, Kontrol Energy Corp. provides market-based energy solutions to our customers designed to reduce their overall cost of energy while providing a corresponding reduction in Greenhouse Gas (GHG) emissions.
