

# Moovly Announces E-Commerce Video Maker Product

written by Raj Shah | October 12, 2022

October 12, 2022 ([Source](#)) – Moovly Media Inc. (TSXV: MVY) (OTCQB: MVVYF) (FSE: 0PV2) (“Moovly” or the “Company”) is pleased to announce the launch of a new product called the “**E-Commerce Video Maker**”, focused on online commerce platforms.

Based on the Moovly Automator and templating technology, the Moovly E-Commerce Video Maker, when integrated with e-commerce platforms, allows store owners to produce product or advertising videos with a simple click, as follows:

1. Selecting a Template;
2. Selecting the product to promote;
3. Selecting the destination of the video;
4. Clicking “Make Video”.

Via the integration, the Moovly platform fetches all the digital assets (photos, product details etc) from the partner e-commerce platform and uses those assets and details to automatically produce the video. The resulting video can then be used on the e-commerce platform itself as well as on social media and third party advertising networks.

E-commerce Platforms where this product is applicable include:

- E-commerce platforms and marketplaces
- Online auction sites
- Classified advert platforms
- Crowdfunding platforms
- Corporate e-commerce platforms

Moovly CEO Brendon Grunewald said, “Moovly is excited to

announce the launch of this product based on our Automator, which is seeing more and more interest from the market. We know that products sell better online with a video than without. Our new E-Commerce Video Maker helps product marketers, shop owners and anyone looking to promote their products via video in an extremely easy and affordable way, potentially saving thousands of dollars.”

### **About Moovly:**

Moovly is the leading provider of creative cloud-based tools to create compelling marketing, communications and training videos and video presentations. Moovly’s advanced Studio Editor with millions of assets seamlessly integrated (via partnerships with Getty Images & Storyblocks) is all you need to create engaging video content to promote, communicate or explain your product, service or message. Moovly’s API and Automator technologies allow third parties to automate parts or all of the content creation process, including mass video customization, personalized videos (video version of mail merge), automatic content creation or updating by connecting data sources. With clients including users from over 300 of the Fortune 500, small businesses, freelancers and Ivy league universities, Moovly is an intuitive, cost effective choice for DIY creation of engaging video-based content.

### Reader Advisory

*This press release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. The use of any of the words “expect”, “anticipate”, “continue”, “estimate”, “objective”, “ongoing”, “may”, “will”, “project”, “should”, “believe”, “plans”, “intends” and similar expressions are intended to identify forward-looking information or statements. More particularly and without limitation, this news release contains forward looking statements and information with respect to Moovly’s future business plans and the expected benefits of its products. The forward-looking statements and information are based on certain key expectations and assumptions made by the Company. Although the Company believes that the expectations and assumptions on which such forward-looking statements and information are based are reasonable, undue reliance should not be placed on the forward looking statements and information because the Company can give no assurance that they will prove to be correct.*

*By its nature, such forward-looking information is subject to various risks and uncertainties, which could cause the actual results and expectations to differ materially from the anticipated results or expectations expressed. These risks and uncertainties, include, but are not limited to, Moovly’s*

inability to continue to commercialize its products or demand for its products decreases or disappears. Other risk factors are set forth in detail in the Company's Management Discussion and Analysis dated June 30, 2022 which is available for review under the Company's corporate profile at [www.sedar.com](http://www.sedar.com). Some other risks and factors that could cause the results to differ materially from those expressed in the forward-looking information also include, but are not limited to: general economic conditions in Canada, the United States and globally; industry conditions, unanticipated operating events; failure to obtain any necessary third party consents and approvals, if and when required; the availability of capital on acceptable terms; the need to obtain required approvals from regulatory authorities; stock market volatility; competition for, among other things, capital and skilled personnel; changes in tax laws; and the other factors. Readers are cautioned that this list of risk factors should not be construed as exhaustive.

The forward-looking information contained in this news release is expressly qualified by this cautionary statement. Readers are cautioned not to place undue reliance on this forward-looking information, which is given as of the date hereof, and to not use such forward-looking information for anything other than its intended purpose. The Company undertakes no obligation to update publicly or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by applicable law.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
