

# Nickel 28 Reminds Shareholders to Reject Pelham's Self-Interested "Mini-Tender" Scheme

written by Raj Shah | April 21, 2023

- Shareholders warned to **TAKE NO ACTION** and **NOT** to tender to Pelham's misleading scheme to buy their shares **FOR NO PREMIUM**
- Shareholders urged to **DISREGARD** any materials or communications received from Pelham or its agent, Laurel Hill Advisory Group

April 21, 2023 ([Source](#)) – The board of directors (the “**Board**”) of Nickel 28 Capital Corp. (“**Nickel 28**” or the “**Company**”) (TSXV: **NKL**) (FSE: **3JC0**) continues to urge Nickel 28 shareholders to **REJECT** the unsolicited “mini-tender” offer (the “**Scheme**”) announced on March 21, 2023 by Pelham Investment Partners LP (“**Pelham**”).

Pelham's Scheme is a coercive vote-buying ploy designed to create uncertainty in the market. Pelham is trying to gain influence over Nickel 28 for virtually **no premium** at the expense of Nickel 28's other shareholders in order to advance its self-interested agenda. The global market for electric vehicles continues to ascend with high-grade Nickel sulphides increasingly in demand. Nickel 28 cautions shareholders about selling their shares before Nickel 28 benefits from significant near-term catalysts that are expected to drive further value creation for Nickel 28 shareholders.

Management and the Board remain strongly of the view that the intrinsic value of the Company's shares are far in excess of the price Pelham is attempting to acquire shares for under the Scheme. Misleadingly, and in an attempt to misrepresent its offer as attractive to Nickel 28 shareholders, Pelham continues to refer to the March 20, 2023 closing price of Nickel 28 shares. Based on the closing price of \$1.18 per share as of April 20, 2023, Pelham is currently offering to acquire Nickel 28 shares for \$1.20 per share or two cents above the most recent closing price. That is hardly a "significant premium" and the characterization of the Scheme as "representing a significant premium of 22%" is improper.

Nickel 28 reminds shareholders that Pelham is acting in furtherance of Pelham's own interests and not Nickel 28's other shareholders. Pelham has made no firm commitment to acquire and pay for any of the shares deposited under its Scheme, which provides for broad and discretionary conditions that would allow Pelham to withdraw, modify or extend the Scheme for any reason at any time. Nickel 28 shareholders should be skeptical about Pelham's motives and the claims it is making in an attempt to convince shareholders to sell their shares to Pelham.

In Pelham's latest press release, Pelham takes issue with Nickel 28's shareholder rights plan (the "**Rights Plan**") for the apparent reason that the Rights Plan is designed to prevent Pelham from acquiring control of Nickel 28 through a "creeping bid" without paying Nickel 28 shareholders a control premium. Pelham cannot be trusted and Management and the Board, informed by their legal and professional advisors, will take any and all steps necessary to advocate for and defend shareholder value and to protect minority shareholders against this and any other opportunistic or coercive actions by Pelham that would harm shareholder interests.

Management and the Board are fundamentally opposed to this opportunistic and coercive proposal and remain fully aligned with the interests of minority shareholders.
