About Northern Graphite

Northern is a Canadian company with a 100% interest in the Bissett Creek graphite deposit located in southern Canada, relatively close to all required infrastructure. Bissett Creek is an advanced stage project that has a Full Feasibility Study and major environmental permit. Subject to the completion of operational and species at risk permitting, which are well advanced, Northern could commence construction in 2018 pending financing. The Company believes Bissett Creek has the highest margin, best flake size distribution and lowest marketing risk

of any new graphite project, and has the added advantages of low capital costs and realistic production levels relative to the size of the market.
