

# Red Light Holland Engages Former Health Minister, the Honourable, Tony P. Clement, as Senior Advisor to Advisory Board

written by Raj Shah | June 24, 2020

June 24, 2020 ([Source](#)) – Red Light Holland Corp. (CSE: TRIP) (“**Red Light Holland**” or the “**Company**”), an Ontario-based corporation positioning itself to engage in the production, growth and sale of a premium brand of magic truffles to the legal, recreational market within the Netherlands, is pleased to announce that it has engaged the Honourable, Tony P. Clement, to serve as Senior Advisor to its Advisory Board. Mr. Clement has had a long and distinguished career in politics, law and business. In his role as Senior Advisor, Mr. Clement will work closely with the members of the Advisory Board, including the Chair, Bruce Linton and the Chief Executive Officer of the Company, Todd Shapiro, to provide strategic advice concerning the Company’s compliance and lobbying efforts for international expansion. Mr. Clement will also help with investor relations to guide the Company’s current and future business development.

“Adding one of Canada’s former Health Ministers to the Red Light Holland Advisory Board, as a Senior Advisor, is another significant step up for the Company. The Honourable Tony Clement and I had long chats about his true thoughts on the unique sector we’re in. Tony was the first to admit that years ago this would have been a difficult position to accept. However, his shared belief in our vision coupled with his extensive research,

as of late, into the psychedelic space genuinely showed his progressive views which created immediate synergies. Tony wants to be a part of positive change for this world, as does Red Light Holland and we are elated and proud to have him on our outstanding team,” said Todd Shapiro, the Chief Executive Officer and Director of Red Light Holland.

“I’m honoured to join this incredible team,” added Tony Clement. “The psychedelic sector is a fascinating space and one I believe is extremely important for the future. Through careful research and development, and proper guidance in navigating the complexities of regulatory compliance, policy and legalities, companies such as Red Light Holland have great potential to help people all over the world. I am pleased to share my knowledge and experience as a former Health Minister in Canada (including my experience with a past health crisis) with Red Light Holland, and will advise Red Light Holland in crucial aspects of its business plan, including introducing Todd Shapiro and his all-star cast to my global connections.”

Mr. Clement served in senior roles in Prime Minister Stephen Harper’s Cabinet (2006-2015), as Health Minister, Industry Minister and President of the Treasury Board. As a business entrepreneur, he has also led information technology companies, and served on the board of directors on information technology and health care companies, having provided strategic advice both nationally and internationally. Having both national and international business experience, Mr. Clement’s engagement magnifies the Company’s commitment to assembling the group of skilled leaders necessary to build its business in the early stage of this emerging industry.

In consideration for his services as Senior Advisor, and subject to all applicable laws (including the rules and policies of the Canadian Securities Exchange) (“**Applicable Laws**”) and the

approval of the board of directors of the Company (the “**Board**”), the Company intends to grant to Mr. Clement up to 500,000 incentive stock options (the “**Options**” and each individually, the “**Option**”). Each Option will entitle the holder thereof to acquire one common share in the capital of Company for a period of three years from the date of issuance, at an exercise price to be approved by the Board. The Options shall be subject to Applicable Laws and the terms and conditions of the Stock Option Plan of the Company, and will be subject to a hold period of four months plus one day from the date of issuance.
