## **Management Availability**

Scandium Canada's management team will be available throughout the convention to meet with current and prospective investors. To schedule a meeting, please contact [info@scandium-canada.com](mailto:info@scandium-canada.com).

## **Quote from CEO Guy Bourassa:**

"PDAC is the premier event in the global mining calendar, and we look forward to connecting with scandium-savvy investors from around the world. This is exactly the right moment to share the continued progress we are making at the Crater Lake project and through Scandium+. The momentum we have built positions us well for a pivotal year ahead, and we believe those who join us in Toronto will leave with a very clear picture of where Scandium Canada is headed."

## **ABOUT SCANDIUM CANADA LTD.**

Scandium Canada (TSXV: SCD) is a public company whose ultimate goal is to bring the world's leading primary source of scandium into production, enabling the development and commercialization of aluminum-scandium (Al-Sc) alloys. The Corporation is leveraging its Al-Sc alloys development division and the development of its Crater Lake mining project to meet the growing need for lighter, greener, longer-lasting, high-performance materials. The Corporation aims to become a market leader in scandium, while committing itself to building a more responsible economy through innovation and agility.

## **Forward-Looking Statements**

All statements, other than statements of historical fact, contained in this press release including, without limitation, statements regarding the Company's participation at the PDAC 2026 International Convention, the anticipated meetings with investors and stakeholders, the continued advancement of the Crater Lake scandium project, the development and commercialization plans for Scandium+ and aluminum-scandium alloys, the Company's expected progress during 2026, and, generally, the above "About Scandium Canada Ltd." paragraph which essentially describes the Corporation's outlook, constitute "forward-looking information" or "forward-looking statements" within the meaning of applicable securities laws, and are based on expectations, estimates and projections as of the time of this press release.

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Corporation as of the time of such statements, are inherently subject to significant business, economic and competitive uncertainties, and contingencies. These estimates and assumptions may prove to be incorrect. Many of these uncertainties and contingencies can directly or indirectly affect, and could cause, actual results to differ materially from those expressed or implied in any forward-looking statements and future events, could differ materially from those anticipated in such statements. A description of assumptions used to develop such forward-looking information and a description of risk factors that may cause actual results to differ materially from forward-looking information can be found in the Corporation's disclosure documents on the SEDAR+ website at [www.sedarplus.ca](http://www.sedarplus.ca).

By their very nature, forward-looking statements involve

*inherent risks and uncertainties, both general and specific, and risks exist that estimates, forecasts, projections and other forward-looking statements will not be achieved or that assumptions do not reflect future experience. Forward-looking statements are provided for the purpose of providing information about management's endeavors to develop the Crater Lake project, and, more generally, its expectations and plans relating to the future. Readers are cautioned not to place undue reliance on these forward-looking statements as a number of important risk factors and future events could cause the actual outcomes to differ materially from the beliefs, plans, objectives, expectations, anticipations, estimates, assumptions and intentions expressed in such forward-looking statements. All of the forward-looking statements made in this press release are qualified by these cautionary statements and those made in our other filings with the securities regulators of Canada. The Corporation disclaims any intention or obligation to update or revise any forward-looking statement or to explain any material difference between subsequent actual events and such forward-looking statements, except to the extent required by applicable law.*

*Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
