written by Raj Shah | July 2, 2024

July 2, 2024 – [Select Global Events](#) and the [Critical Minerals Institute](#) (CMI) are pleased to announce their partnership in hosting the International Critical Minerals Expo & CMI Summit IV. This premier event is scheduled to take place on May 14-15, 2025, at the Pasadena Convention Center, California, USA.

The **International Critical Minerals Expo & CMI Summit IV** (ICM-IV) will serve as a dynamic platform, bringing together global leaders, industry professionals, policymakers, researchers, and investors to explore the latest advancements, trends, and challenges in the critical minerals sector.

Key features of the ICM-IV event include:

- **International Critical Minerals Expo – Exhibition Hall:** Showcasing cutting-edge products, technologies, and services from leading companies and organizations within the critical minerals industry.
- **CMI Summit IV:** Aimed at driving strategic partnerships and actionable solutions to support the growing demand for critical minerals, which are vital for the future of clean energy, technology, and national security.

Alexander Oliver, Chief Operations Officer of [Select Global Events](#), expressed his commitment to the partnership, stating,

“The International Critical Minerals Expo & CMI Summit IV represents a significant milestone in our efforts to advance the critical minerals sector. Our partnership with the esteemed [Critical Minerals Institute](#) underscores our commitment to creating the world’s principal focal meeting point for global leaders in the critical minerals sphere.”

Tracy Hughes, Executive Director of the [Critical Minerals Institute](#) (CMI), emphasized the importance in this partnership with “We are pleased to join forces with [Select Global Events](#), whose exceptional track record in event management aligns with our mission to address the critical minerals sector’s evolving needs. This partnership underscores our mutual commitment to advancing the industry as we navigate the increasing demand driven by the growth of renewable energy, electric vehicles, and advanced technologies. The [Expo](#) & [Summit](#) together will serve as a vital platform for addressing the sector’s complex challenges and opportunities. Attendees will benefit from comprehensive insights into market trends, investment strategies, and regulatory landscapes, enabling them to make informed decisions and support the sustainable development of critical minerals supply chains.”
