

Siyata Mobile Announces Uniden® UV350 Now Available via Ingram Micro for The Two Leading Carriers in the U.S.

written by Raj Shah | December 19, 2019

December 19, 2019 ([Source](#)) – [Siyata Mobile Inc. \(the “Company” or “Siyata”\)](#) (TSX-V:SIM / OTCQX:SYATF) is pleased to announce that for the first time, the Company can offer its [Uniden® UV350](#) and accessories via [Ingram Micro](#) in the United States

to the two leading U.S. Tier 1 wireless carriers.

Marc Seelenfreund, CEO of Siyata Mobile states, “We are very excited to now have commercial distribution for the UV350 at the two leading Tier 1 US carriers through our alliance with Ingram Micro in the United States. Ingram Micro is one of the largest telecom distributors in the US which allows Siyata to ensure that its products are made available across the nation for first responders and commercial fleet vehicles. We believe with these Tier 1 carriers and distribution channels now in place, the Company is in a position to significantly grow its revenue in 2020.”

The Uniden® UV350 4G/LTE is the world’s first and only in-vehicle connected cellular device with Push-to-Talk over Cellular (PoC) that is compatible with “Band 14.” The Uniden® UV350 is an all-in-one, purpose-built in-vehicle Internet of Things (IoT) device to upgrade in-vehicle hardware as a smarter, more advanced solution to communicate, navigate and create

efficiencies never seen before in the commercial fleet and vehicle market.

About the UV350

- LTE high speed data
- 5.5" widescreen LED display for easy monitoring
- Dedicated microphone and speaker for crystal-clear extra loud sound quality
- In-vehicle installation ensures device is always powered by the vehicle's battery
- Extended cellular and GPS coverage with external antenna included
- Push-to-Talk Over Cellular (PoC) ensures instant communication at the push of a button

About the Uniden® UV350

The Uniden® UV350 is the first 4G/LTE all-in-one in vehicle fleet communication device that delivers crystal clear cellular voice calls, Push-to-Talk Over Cellular, data applications and more. This device was designed specifically for commercial vehicles ensuring safer communication for professional drivers.

About Siyata

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle products for professional fleets, marketed under the Uniden® Cellular brand. Since developing the world's first 3G connected vehicle device, Siyata has been a pioneer in the industry, launching the world's first LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular,

data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata's customers include cellular operators, commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
