

Siyata Mobile Receives \$300,000 Software Contract

written by Raj Shah | August 8, 2019

August 8, 2019 ([Source](#)) – Siyata Mobile Inc. (the “Company” or “Siyata”) (TSX-V:SIM / OTCQX:SYATF) is pleased to announce that it has received a \$300,000 contract to supply software to various enterprise customers through a leading cellular

operator.

Marc Seelenfreund, CEO of Siyata Mobile states, “Part of our strategy is to sell third party software applications in conjunction with our devices and we are pleased to announce this meaningful software deal. As our innovative LTE in-vehicle and mobile devices continue to gain traction, our customer base becomes a meaningful platform for software companies to offer their applications to enterprises which improve efficiencies and increase margins creating an additional revenue stream for Siyata.”

The Company has installed over 250,000 in-vehicle devices and has launched with five Tier 1 cellular carriers worldwide to date. It continues to advance towards device approval with several additional carriers in select markets which can provide significant growth for the company.

About Siyata

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle products for professional fleets, marketed under the Uniden®

Cellular brand. Since developing the world's first 3G connected vehicle device, Siyata has been a pioneer in the industry, launching the world's first LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular, data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata's customers include cellular operators, commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
