

# Siyata Mobile Receives \$650K Purchase Order from First Responders

written by Raj Shah | April 23, 2018

April 23, 2018 ([Source](#)) – Siyata Mobile Inc. (the “Company” or “Siyata”) (TSX-V:[SIM](#)) (OTCQX:SYATF) is pleased to announce that the Company has received an additional Purchase Order (“PO”) on a first responder contract of \$650,000 for

its Push-to-Talk Over Cellular (“PoC”) devices, accessories and software solutions. This is an addition to the original PO of \$1.9MM announced [December 20, 2017](#).

Marc Seelenfreund, CEO and Chairman of Siyata Mobile, commented, “Our Push-to-Talk devices continue to grab market share and gain momentum to be a leading choice of enterprise customers choosing to upgrade their antiquated two-way radio systems with much more relevant Push-to-Talk Over Cellular solutions. PoC is delivered over commercial grade cellular networks, allowing nationwide coverage as opposed to LMR which is limited in distance. This increased mobility and next generation development is a clear choice for enterprise workforces.”

According to the United States Department of Transportation, in 2015 there were over 12 million fleet vehicles in the United States. Siyata aims to be the leading provider of connected vehicle and mobile hardware solutions as these commercial fleets upgrade their communication platforms to be compatible with next generation networks, PoC solutions and other software applications.
