Siyata Mobile Receives $950,000 Purchase Order for Uniden® UV350

written by Raj Shah | November 18, 2019

November 18, 2019 (Source) – Siyata Mobile Inc. (the "Company" or "Siyata") (TSX-V:SIM / OTCQX:SYATF) is pleased to announce a purchase order for $950,000 has been received from a US distributor servicing cellular carriers, first responders and commercial fleets.

Marc Seelenfreund, CEO of Siyata Mobile, commented, "This purchase order from a top US distributor demonstrates the growing acceptance of the UV350. With no known direct in-vehicle competitors in the market, we expect to continue delivering our cost effective, unique solution to the various end users in our target market."

The Company continues to focus its attention on the needs of First Responders and commercial drivers within the North American market. With ~17M commercial vehicles including 3.5M first responder vehicles in the United States alone, Siyata's flagship Uniden® UV350 device is targeting a large scale market opportunity, partnering with Tier 1 cellular carriers to reach these end use customers.

UV350 features include:

- LTE high speed data
- 5.5" widescreen LED display for easy monitoring

– Dedicated microphone and speaker for crystal-clear extra loud sound quality
– In-vehicle installation ensures device is always powered by the vehicle’s battery
– Extended cellular and GPS coverage with external antenna included
– Push-to-Talk Over Cellular (PoC) ensures instant communication at the push of a button

About Siyata

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle products for professional fleets, marketed under the Uniden® Cellular brand. Since developing the world’s first 3G connected vehicle device, Siyata has been a pioneer in the industry, launching the world’s first LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular, data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata’s customers include cellular operators, commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
