

# Siyata Mobile Receives Additional \$1MM Purchase Order from Global Two-Way Radio Vendor

written by Raj Shah | May 31, 2018

May 31, 2018 ([Source](#)) – Siyata Mobile Inc. (the “Company” or “Siyata”) (TSX-V:[SIM](#)) (OTCQX:SYATF) is pleased to announce that a global two-way radio vendor has purchased an additional \$1 million of the Company’s 4G devices, following a

\$400K Purchase Order announced April 12, 2018.

Marc Seelenfreund, CEO and Chairman of Siyata Mobile, commented, “This additional purchase order is a strong indication of the early success of our 4G portfolio launch. We are witnessing strong adoption of our 4G portfolio with multiple customers purchasing our commercial vehicle and rugged mobile devices. Our strategy to replace aging two-way radio systems with cellular based Push-to-Talk solutions remains extremely relevant in the rapidly changing landscape of converting these types of analog systems to more advanced and robust cellular based solutions such as PTT.”

As a reminder, the company will hold a conference call this morning, Thursday, May 31, 2018, at 9:00am EST (06:00am PST) to discuss Q1 2018 results, along with a Q&A session with Siyata Mobile CEO and Chairman, Marc Seelenfreund and CFO Gerry Bernstein.

According to the U.S. Department of Transportation, in 2015 there were over 12 million fleet vehicles in the United States. Siyata aims to be the leading provider of connected vehicle and mobile hardware solutions as these commercial fleets upgrade their communication platforms to be compatible with next-generation networks, PoC (proof of concept) solutions and other software applications.

## **About Siyata**

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle products for professional fleets, marketed under the Uniden® Cellular brand. Since developing the world's first 3G connected vehicle device, Siyata has been a pioneer in the industry, launching the world's first 4G LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular, data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata's customers include cellular operators,

commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
