✖ October 16, 2018 ([Source](#)) – *Purchase Orders Have Been Received from a Multinational Silicon Chipset Company, a Large-Scale Airport Logistics Company and a Repeat Order from First Responders Network*

Siyata Mobile Inc. (the “Company” or “Siyata”) (TSX-V:SIM / OTCQX:SYATF) is pleased to announce the Company has received multiple purchase orders from leading industry specialists totalling CAD \$1.3M, which shows continued significant demand for the Company’s devices.

The purchase orders have been received for Siyata’s various 4G devices using Push-to-Talk Over Cellular technology, which allows workers improved communication, therefore creating a safer and more productive workplace.

“The steadily increasing demand for our 4G Push-to-Talk devices proves to us how necessary it is for companies to have a reliable form of communication within the workplace,” stated Marc Seelenfreund, CEO and Chairman of Siyata Mobile. “We know the broad range of industries our devices can work within, and we are participating in multiple large-scale vendors for this next generation of workforce technology.”

About Siyata

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle

products for professional fleets, marketed under the Uniden® Cellular brand. Since developing the world's first 3G connected vehicle device, Siyata has been a pioneer in the industry, launching the world's first 4G LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular, data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata's customers include cellular operators, commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
