November 26, 2018 (Source) – Siyata Mobile Inc. (the "Company" or "Siyata") (TSX-V:SIM / OTCQX:SYATF) is pleased to announce that as a result of its expanding distribution partners, it has won a minimum $750,000 tender to supply its UV350 in-vehicle smartphone, Push-to-Talk rugged handsets and other accessories to an enterprise end user.

Marc Seelenfreund, CEO and Chairman of Siyata Mobile commented, "We are starting to see very solid adoption of both our UV350 and other 4G/LTE PTT rugged handsets. It continues to validate our unique value proposition as an enterprise grade, Push-To-Talk Over Cellular solution and represents a multibillion opportunity for the Company as the worlds' first and only dedicated in-vehicle smartphone."

The UV350 device offers clear cellular voice calls, Push-to-Talk over Cellular ("PoC") connectivity, touch screen Android applications and more. With its extra-large 5.5″ wide screen display and physical keys, the device is specifically designed for commercial vehicles ensuring safer communication for professional drivers.

About Siyata

A TSX Venture Top 50 Company, Siyata Mobile Inc. is a leading global developer and provider of cellular communications systems for enterprise customers, specializing in connected vehicle products for professional fleets, marketed under the Uniden® Cellular brand. Since developing the world's first 3G connected

vehicle device, Siyata has been a pioneer in the industry, launching the world's first 4G LTE all-in-one fleet communications device in 2017. Incorporating voice, push-to-talk over cellular, data, and fleet management solutions into a single device, the company aims to become the connected vehicle communications device of choice for commercial vehicles and fleets around the world.

Siyata also offers rugged phones for industrial users and signal boosters for homes, buildings, and fleets with poor cell coverage. Siyata's customers include cellular operators, commercial vehicle technology distributors, and fleets of all sizes in Canada, the U.S., Europe, Australia, and the Middle East.
