written by Raj Shah | April 18, 2019

April 18, 2019 ([Source](#)) – SOL Global Investments Corp. (“**SOL Global**” or the “**Company**”) (CSE: SOL) (OTCQB: SOLCF) (Frankfurt: 9SB) is pleased to announce that it has completed multiple tranches of a non-brokered private placement financing of common

shares of its subsidiary, Heavenly Rx Ltd. (“**Heavenly Rx**”), for aggregate gross proceeds of \$12,586,250 (the “**Offering**”). An aggregate of 125,862,500 common shares in the capital of Heavenly Rx (“**Heavenly Shares**”) were issued and sold at a price of \$0.10 per Heavenly Share. As a result of this financing, SOL Global now holds 34.40% of the issued and outstanding Heavenly Shares with the subscribers from the Offering collectively holding the remaining 65.60%. The Heavenly Shares were sold to accredited investors pursuant to applicable securities regulations and are subject to an indefinite hold period.

The proceeds from the Offering are intended to be used by Heavenly Rx to acquire significant or controlling ownership interests in various industry-leading assets in the hemp/CBD and THC-free cannabinoid wellness space, with a focus on hemp cultivation, processing and the manufacturing of a diverse range of traditional CBD products including oils, tinctures, balms, and vape-ready products. Heavenly Rx will also own and operate

its own retail locations along with health & wellness related studios where it will generate a repetitive captive audience with a desire for Heavenly Rx's products to be part of its customers' daily routine. It is expected that Heavenly Rx's portfolio will include several proprietary brands across numerous consumer product group verticals such as cosmetics and beauty products, bath and body products, and infused foods.

Certain senior officers of the Company and of Heavenly Rx participated in the Offering, subscribing for a total of 1,500,000 Heavenly Shares for an aggregate amount of \$150,000. Participation of such insiders in the Offering constituted a "related party transaction" as defined under Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions ("MI 61-101"), but is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101, as neither the fair market value of the securities issued to the insiders nor the consideration paid by the insiders exceeded 25% of the Company's market capitalization.

Furthermore, certain current and former family members of SOL's Chief Investment Officer independently participated directly and indirectly in the Offering for aggregate gross proceeds of \$550,000. Such participation in the Offering did not constitute a "related party transaction" within the meaning of MI 61-101.
