TNR Gold Appoints Directors to the Board

written by Raj Shah | September 12, 2018

September 12, 2018 (Source) – **TNR Gold Corp. (TSXV: TNR)** ("**TNR**" or the "**Company**") is pleased to announce that John Davies and Natalia Lobanova were appointed directors of the Company on September 10, 2018.

On August 7, 2018, TNR announced that John Davies was appointed a special advisor to the board. Mr. Davies is a Canadian financial professional with 35 years of experience in financial and capital markets related industries.

Mrs. Lobanova has a degree in "Linguistics and Intercultural Communication" and is an active consultant to TNR Gold in matters of public relations and marketing since 2013.

"I would like to welcome John and Natalia to the TNR Gold Board," stated Kirill Klip, Executive Chairman of TNR. "Now our Board represents an appropriate diversity for the modern sustainable mining industry. Our team combines the deep business expertise with forward thinking approach which will allow us to integrate our company into the international capital markets and extend our royalty portfolio in Green Energy Metals."

ABOUT TNR GOLD CORP.

TNR Gold Corp. is working to become an energy metals royalty company.

Over the past twenty-two years, TNR, through its lead generator business model, has been successful in generating high-quality exploration projects around the globe. With the Company's expertise, resources and industry network, it identified the

potential of the Los Azules copper project in Argentina and now holds a 0.36% NSR royalty on the entire project, which is being developed by McEwen Mining Inc.

TNR holds a strategic stake in International Lithium Corp. (“ILC”), a green energy metals company that was created through the spin-out of TNR’s energy metals portfolio in 2011. ILC holds interests in lithium projects in Argentina, Ireland and Canada.

TNR retains a 1.8% NSR royalty on the Mariana Lithium property in Argentina. ILC has a right to repurchase 1.0% of the NSR royalty on the Mariana Lithium property of which 0.9% relates to the Company’s NSR interest. The Company would receive $900,000 on the execution of the repurchase. The project is currently being advanced in a joint venture between ILC and Ganfeng Lithium International Co. Ltd.

At its core, TNR provides significant exposure to gold, copper and lithium through its holdings in Alaska (the Shotgun gold porphyry project) and Argentina, and is committed to the continued generation of in-demand projects, while diversifying its markets and building shareholder value.

On behalf of the Board of Directors,

Kirill Klip
Executive Chairman

Cautionary Statement Regarding Forward-Looking Information

Except for statements of historical fact, this news release contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate", "will", "could" and other similar words, or statements that certain events or conditions "may" or "could" occur, although not all forward-looking statements contain these identifying words. Specifically, forward-looking statements in this news release include, but are not limited to, statements made in relation to: TNR's corporate objectives, changes in share capital, market conditions for energy commodities, the results of McEwen Mining's PEA, and improvements in the financial performance of the Company. Such forward-looking information is based on a number of assumptions and subject to a variety of risks and uncertainties, including but not limited to those discussed in the sections entitled "Risks" and "Forward-Looking Statements" in the Company's interim and annual Management's Discussion and Analysis which are available under the Company's profile on www.sedar.com. While management believes that the assumptions madeand reflected in this news release are reasonable, should one or more of the risks, uncertainties or other factors materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking information. In particular, there can be no assurance that: TNR will be repay its loans or complete any further royalty acquisitionsor sales; debt or other financing will be available to TNR; or that TNR will be able to achieve any of its corporate objectives. Given these uncertainties, readers are cautioned that forward-looking statements included herein are not guarantees of future performance, and such forward-looking statements should not be unduly relied on.

In formulating the forward-looking statements contained herein, management has assumed that business and economic conditions affecting TNR and its royalty partners, McEwen Mining Inc. and International Lithium Corp. or its joint venture partner, Ganfeng Lithium International Co. Ltd. will continue substantially in the ordinary course, including without limitation with respect to general industry conditions, general levels of economic activity and regulations. These assumptions, although considered reasonable by management at the time of preparation, may prove to be incorrect.

Forward-looking information herein and all subsequent written and oral forward-looking information are based on estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this cautionary statement. Except as required by law, the Company assumes no obligation to update forward-looking information should circumstances or management's estimates or opinions change.
