Troilus Gold Corp. (TSX:TLG; OTCQX:CHXMF) (“Troilus” or the “Company”) announces that it has closed today its previously announced bought deal financing (the “Offering”). Pursuant to the Offering, Troilus issued 9,090,980 units of the Company (the “Units”) at a price of C\$1.10 per Unit for gross proceeds of C\$10,000,078; 7,142,880 flow-through units of the Company (the “Traditional Flow-Through Units”) at a price of C\$1.26 per Traditional Flow-Through Unit for gross proceeds of C\$9,000,029; 13,513,600 flow-through units of the Company (the “National Flow-Through Units”) at a price of C\$1.48 per National Flow-Through Unit for gross proceeds of C\$20,000,128; and 3,174,700 flow-through units of the Company (the “QC Flow-Through Units”) at a price of C\$1.89 per QC Flow-Through Unit for gross proceeds of C\$6,000,183 for aggregate combined gross proceeds of approximately C\$45 million. This includes 1,185,780 Units and 931,680 National Flow-Through Units issued in connection with the exercise in full of the over-allotment option granted to the Underwriters (as defined below) under the Offering.

Each Unit consists of one common share in the capital of the Company (a “Common Share”) and one-half of one Common Share purchase warrant (each full warrant, a “Warrant”). Each Traditional Flow-Through Unit and National Flow-Through Unit consists of one Common Share that qualifies as a “flow-through

share” for the purposes of the *Income Tax Act* (Canada) and one-half of one Warrant. Each QC Flow-Through Unit consists of one Common Share that qualifies as a “flow-through share” for the purposes of the *Income Tax Act* (Canada) and the *Taxation Act* (Quebec) and one-half of one Warrant. Each Warrant entitles the holder thereof to acquire one Common Share at an exercise price of C\$1.50 for a period of 24 months following the closing of the Offering. The Toronto Stock Exchange (the “TSX”) has accepted for listing the Warrants under the symbol: “TLG.WT”.

The Units, Traditional Flow-Through Units, National Flow-Through Units and QC Flow-Through Units are collectively referred to herein as the “Offered Units”.

The Offering was completed through a syndicate of underwriters, led by Cormark Securities Inc. and including Stifel GMP, Haywood Securities Inc., Laurentian Bank Securities Inc., Canaccord Genuity Corp. and BMO Nesbitt Burns Inc. (collectively the “Underwriters”).

The Company intends to use the net proceeds of the Offering to continue engineering efforts and feasibility level studies and for working capital and general corporate purposes, as more fully described in the short form prospectus of the Company dated June 24, 2021. The portion of the proceeds of the sale of the Common Shares forming part of the Traditional Flow-Through Units, the National Flow-Through Units and QC Flow-Through Units will be used on exploration expenses on the Troilus Gold Project as permitted under the *Income Tax Act* (Canada) and the *Taxation Act* (Quebec) to qualify as “Canadian exploration expenses”, “flow-through mining expenditures” and, for eligible investors, for the two 10% enhancements under section 726.4.9 and section 726.4.17.1 of the *Taxation Act* (Quebec).

The Offered Units have been offered by way of short form

prospectus in each of the provinces of Canada, pursuant to National Instrument 44-101 – *Short Form Prospectus Distributions*. The Offered Units have not been, and will not be, registered under the *United States Securities Act of 1933*, as amended (the “U.S. Securities Act”), or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, United States persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor will there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About Troilus

Troilus is a Canadian-based junior mining company focused on the systematic advancement and de-risking of the former gold and copper Troilus Mine towards production. From 1996 to 2010, the Troilus Mine produced +2 million ounces of gold and nearly 70,000 tonnes of copper. Troilus is located in the top-rated mining jurisdiction of Quebec, Canada, where it holds a strategic land position of 1,420 km² in the Frôtet-Evans Greenstone Belt. Since acquiring the project in 2017, ongoing exploration success has demonstrated the tremendous scale potential of the gold system on the property with significant mineral resource growth. The Company is advancing engineering studies following the completion of a robust PEA in 2020, which demonstrated the potential for the Troilus project to become a top-ranked gold and copper producing asset in Canada. Led by an experienced team with a track-record of successful mine development, Troilus is positioned to become a cornerstone project in North America.
