

Vangold Mining Corp. Announces Consolidation

written by Raj Shah | March 12, 2019

March 11, 2019 ([Source](#)) – Vangold Mining Corp (the “**Company**” or “**Vangold**”) (TSXV:VAN) announces that upon the recommencement of trading of the Company’s common shares, the shares will trade on two (2) old for one (1) new share consolidated basis.

The Company’s name and trading symbol will remain unchanged. The record date for the consolidation is March 12, 2019. Registered shareholders will receive a letter of transmittal from the Company’s transfer agent with instructions for exchanging their pre-consolidated shares. Shareholders who hold their common shares through a broker or other intermediary and do not have common shares registered in their name, will not need to complete a letter of transmittal.

There are currently 67,709,317 common shares issued and outstanding. Upon completion of the consolidation, there will be approximately 33,854,658 common shares issued and outstanding. The exact number of post-consolidated shares will vary depending on the treatment of fractional shares, which will occur when each shareholder’s holdings in the Company are consolidated. The Company will not issue any fractional common shares as a result of the consolidation. Instead, all fractional shares will be rounded down to the next whole number. Outstanding stock options and share purchase warrants will also be adjusted by the consolidation ratio and their respective exercise prices adjusted accordingly.

About Vangold Mining Corp.

Vangold Mining Corp is a Canadian-based precious metal mining company with a goal to acquire significant exploration opportunities supported by a defined set of geological principals. The Company has a diverse range of quality projects in Mexico. Vangold will continue to expand its portfolio with near production opportunities that bring value to shareholders by providing longer term exploration upside and mineral resource growth potential.

Forward-Looking Statements

This news release contains certain "forward-looking statements". This forward-looking information includes, or may be based upon estimates, forecasts and statements of management's expectations with respect to, among other things, the completion of the proposed Transaction, the issuance of permits, the size and quality of mineral resources, future trends for the company, progress in development of mineral properties, future production and sales volumes, capital costs, mine production costs, demand and market outlook for metals, future metal prices and treatment

and refining or milling charges, the outcome of legal proceedings, the timing of exploration, development and mining activities, acquisition of shares in other companies and the financial results of the company. There can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially and substantially from those anticipated in such statements. Investors should not rely on forward-looking statements because they are subject to a variety of risks, uncertainties and other factors that could cause actual results to differ materially from Vangold's expectations, and expressly does not undertake any duty to update forward-looking statements. These factors include, but are not limited to the following, limited operating history, proposed exploration and/or drill programs and other factors which may cause the actual results, performance or achievements of Vangold to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.
