

Visionstate Corp. Announces Update on Private Placement

written by Raj Shah | June 19, 2024

June 19, 2024 ([Source](#)) – Visionstate Corp. (TSXV: VIS) (“Visionstate” or the “Company”) a leading provider of smart facility management technology, is pleased to announce a private placement (“Placement”) of up to 25,000,000 units of the Company (“Units”) at a price of \$0.02 per Unit for gross proceeds of up to \$500,000, subject to regulatory approval. Each Unit is comprised of one (1) common share of Visionstate (“Common Share”) and one (1) Common Share purchase warrant (“Warrant”) whereby each Warrant entitles the holder to purchase one (1) additional Common Share at a price of \$0.05 per Common Share for a period of two (2) years following the date of closing, subject to an acceleration clause.

If the closing price of the Common Shares is equal to or exceeds \$0.07 per Common Share for greater than twenty (20) consecutive trading days, then the warrant term shall automatically accelerate to a date that is thirty (30) calendar days following the date a press release is issued by the Company announcing the reduced warrant terms, without further notification made by the Company.

In the event of acceleration, the expiry date will be accelerated to a date that is thirty (30) days after the date that written notice has been given to the warrant holder or the date that Visionstate has issued a press release announcing the exercise of the acceleration right; and thereafter, no further notification will be provided by Visionstate to the subscribers. The securities issued under the Placement are subject to a four-month plus one day hold period from the date of closing.

Proceeds from the Placement will be primarily allocated towards the development and commercialization

of new products designed to enhance the Company's IoT solutions and expand its market reach. Visionstate remains committed to delivering IoT technology solutions that drive operational efficiencies and improve customer experiences across various industries.

The issuance of Units to insiders pursuant to the Placement will constitute a "related party transaction" as defined under Multilateral Instrument 61-101, Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Placement will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101. In particular, Visionstate has determined that the exemptions set out in paragraphs (a) and (b) in section 5.5 of MI 61-101 are applicable since the aggregate consideration to be paid by the related parties will not exceed 25% of the market capitalization of Visionstate and Visionstate is not listed on the Toronto Stock Exchange, but only on the TSX Venture Exchange. In addition, regarding the minority shareholder approval exemptions, the independent directors have determined that the exemptions set out in paragraphs (1)(a) and (b) in section 5.7 of MI 61-101 are applicable in that the aggregate consideration to be paid by the related parties will not exceed 25% of the market capitalization of Visionstate, the distribution of the securities to the related parties will have a fair market value of not more than \$2,500,000 and Visionstate is not listed on the Toronto Stock Exchange, but only on the TSX Venture Exchange.

The previously announced unit offering on March 4, 2024 has been withdrawn and is superseded by this press release.

About Visionstate Corp.

Visionstate Corp. (TSXV: VIS) is a growth-oriented company that invests in the research and development of promising new technology in the realm of the Internet of Things, big data and analytics, and sustainability. Visionstate IoT Inc. is a wholly-owned subsidiary of Visionstate Corp. Forward-Looking Statements

Certain information set forth in this material may contain forward-looking statements that involve substantial known and unknown risks and uncertainties. All statements other than statements of historical fact are forward-looking statements, including, without limitation, statements regarding future financial position, business strategy, use of proceeds, corporate vision, proposed acquisitions, partnerships, joint-ventures and strategic alliances and co-operations, budgets, cost and plans and objectives of or involving the Company. Such forward-looking information reflects management's current beliefs and is based on information currently available to management. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "predicts", "intends", "targets", "aims", "anticipates" or "believes" or variations (including negative variations) of such words and phrases or may be identified by statements to the effect that certain actions "may", "could", "should", "would", "might" or "will" be taken, occur or be achieved. A number of known and unknown risks, uncertainties and other factors may cause the actual results or performance to materially differ from any future results or performance expressed or implied by the forward-looking information. These

forward-looking statements are subject to numerous risks and uncertainties, certain of which are beyond the control of the Company including, but not limited to, the impact of general economic conditions, industry conditions and dependence upon regulatory approvals. Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements. The Company does not assume any obligation to update or revise its forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by securities laws.
