

# Visionstate's WANDA Enhances Facility Management in Banff, Alberta

written by Raj Shah | March 4, 2025

March 4, 2025 ([Source](#)) – Visionstate Corp. (TSXV: VIS) is proud to announce the installation of its WANDA technology in the Town of Banff, one of the world's most scenic and visited tourist destinations. This deployment underscores Banff's commitment to proactive facility cleanliness and public engagement while aligning with a growing industry trend toward digital cleaning management.

With millions of visitors each year, Banff's public spaces require efficient and responsive facility management. WANDA provides real-time monitoring of cleaning activities, automated alerts for service needs, and visitor counting sensors to enhance operational efficiency.

The system also empowers the public to easily report issues by scanning a QR code, ensuring that facility managers receive instant feedback and can take immediate action.

*"Banff's adoption of WANDA reflects a broader shift in the industry towards digitized cleaning management,"* said Shannon Moore, President of Visionstate IoT Inc. *"Providing real-time tracking, public interaction, and operational insights is key to maintaining high facility standards, especially in high-traffic environments."*

The move aligns with recent legislative changes in Canada, such as Ontario's new laws requiring digital tracking of cleaning activities to enhance worker safety. As municipalities,

educational institutions, and healthcare facilities embrace digital solutions, WANDA continues to lead the way in modernizing facility management and ensuring compliance with evolving standards.

For more information on WANDA or to schedule a demo, visit [www.visionstate.com](http://www.visionstate.com).

### **About Visionstate Corp.**

Visionstate Corp. (TSXV: VIS) is a growth-oriented company that invests in the research and development of promising new technology in the realm of the Internet of Things, big data and analytics, and sustainability. Visionstate IoT Inc. is a wholly-owned subsidiary of Visionstate Corp. Through Visionstate IoT Inc., it helps businesses improve operational efficiencies, reduce costs, and elevate customer satisfaction with its state-of-the-art devices that track and monitor guest activities and requests. The footprint of its WANDA™ smart device now extends to hospitals, airports, shopping centres, and other public facilities across and beyond North America. Through building up a collection of synergistic technologies, Visionstate Corp. will continue to innovate, reduce environmental impact, and transform consumer experiences.

#### Forward-Looking Statements

Certain information set forth in this material may contain forward-looking statements that involve substantial known and unknown risks and uncertainties. All statements other than statements of historical fact are forward-looking statements, including, without limitation, statements regarding future financial position, business strategy, use of proceeds, corporate vision, proposed acquisitions, partnerships, joint-ventures and strategic alliances and co-operations, budgets, cost and plans and objectives of or involving the Company. Such forward-looking information reflects management's current beliefs and is based on information currently available to management. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "predicts", "intends", "targets", "aims", "anticipates" or "believes" or variations (including negative variations) of such words and phrases or may be identified by statements to the effect that certain actions "may", "could", "should", "would", "might" or "will" be taken, occur or be

achieved. A number of known and unknown risks, uncertainties and other factors may cause the actual results or performance to materially differ from any future results or performance expressed or implied by the forward-looking information. These forward-looking statements are subject to numerous risks and uncertainties, certain of which are beyond the control of the Company including, but not limited to, the impact of general economic conditions, industry conditions and dependence upon regulatory approvals. Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements. The Company does not assume any obligation to update or revise its forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by securities laws.
