

Voyager Digital Provides Business Update for April

written by Raj Shah | May 3, 2021

May 3, 2021 ([Source](#)) –

- *Funded Accounts and Principal Value Traded Grow Significantly Over Previous Month*
- *Assets Under Management Exceed US\$3.3 Billion*

[Voyager Digital Ltd.](#) (“Voyager” or the “Company”) (CSE: VYGR) (OTCQB: VYGVF) (FRA: UCD2), a publicly-traded holding company, whose subsidiaries operate a licensed crypto-asset platform that provides investors with a turnkey solution to invest in and trade crypto assets, is pleased to provide stakeholders with a business update for the month ended April 30, 2021.

“For April we continued our 2021 monthly trend of very strong account and principal value traded growth as Voyager onboarded new users at a record rate with over 130,000 new funded accounts added to the platform. The Voyager model has always been about offering the widest range of coins for retail consumers and consistent with that, we have seen increased trading volume in the alternative coins. To continue the trend, the Company plans on adding additional coins over the next 60 days as the increased alternative coin volume has driven an increase of over 45% in average basis points earned per trade,” said Steve Ehrlich, CEO and Co-founder. “We continue to scale our infrastructure with a 2021 goal to accommodate 10 million users.

We have made significant increases in technology and support staff as we strive to provide retail investors with the most trusted, secure and user-friendly platform for investing and trading the largest selection of digital assets.”

About Voyager Digital Ltd.

Voyager Digital Ltd. is a publicly traded holding company whose subsidiaries operate a crypto-asset platform that provides retail and institutional investors with a turnkey solution to trade crypto assets. The Voyager Platform provides its customers with competitive price execution through its smart order router and as well as a custody solution on a wide choice of popular crypto-assets. Voyager was founded by established Wall Street and Silicon Valley entrepreneurs who teamed to bring a better, more transparent, and cost-efficient alternative for trading crypto-assets to the marketplace. Forward Looking Statements

Certain information in this press release, including, but not limited to, statements regarding future growth and performance of the business, momentum in the businesses, future adoption of digital assets, and the Company's anticipated results may constitute forward looking information (collectively, forward-looking statements), which can be identified by the use of terms such as "may," "will," "should," "expect," "anticipate," "project," "estimate," "intend," "continue" or "believe" (or the negatives) or other similar variations. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause Voyager's actual results, performance or achievements to be materially different from any of its future results, performance or achievements expressed or implied by forward-looking statements. Moreover, we operate in a

very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties, and assumptions, the future events and trends discussed in this press release may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. Forward looking statements are subject to the risk that the global economy, industry, or the Company's businesses and investments do not perform as anticipated, that revenue or expenses estimates may not be met or may be materially less or more than those anticipated, that trading momentum does not continue or the demand for trading solutions declines, customer acquisition does not increase as planned, product and international expansion do not occur as planned, risks of compliance with laws and regulations that currently apply or become applicable to the business and those other risks contained in the Company's public filings, including in its Management Discussion and Analysis and its Annual Information Form (AIF). Factors that could cause actual results of the Company and its businesses to differ materially from those described in such forward-looking statements include, but are not limited to, a decline in the digital asset market or general economic conditions; changes in laws or approaches to regulation, the failure or delay in the adoption of digital assets and the blockchain ecosystem by institutions; changes in the volatility of crypto currency, changes in demand for Bitcoin and Ethereum, changes in the status or classification of cryptocurrency assets, cybersecurity breaches, a delay or failure in developing infrastructure for the trading businesses or achieving mandates and gaining traction; failure to grow

assets under management, an adverse development with respect to an issuer or party to the transaction or failure to obtain a required regulatory approval. In connection with the forward-looking statements contained in this press release, the Company has made assumptions that no significant events occur outside of the Company's normal course of business and that current trends in respect of digital assets continue. Readers are cautioned that Assets Under Management and trading volumes fluctuate and may increase and decrease from time to time and that such fluctuations are beyond the Company's control. Forward-looking statements, past and present performance and trends are not guarantees of future performance, accordingly, you should not put undue reliance on forward-looking statements, current or past performance, or current or past trends. Information identifying assumptions, risks, and uncertainties relating to the Company are contained in its filings with the Canadian securities regulators available at www.sedar.com. The forward-looking statements in this press release are applicable only as of the date of this release or as of the date specified in the relevant forward-looking statement and the Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after that date or to reflect the occurrence of unanticipated events. The Company assumes no obligation to provide operational updates, except as required by law. If the Company does update one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those or other forward-looking statements, unless required by law. Readers are cautioned that past performance is not indicative of future performance and current trends in the business and demand for digital assets may not continue and readers should not put undue reliance on past performance and current trends. All figures are in U.S. dollars unless otherwise noted.
