

Western Uranium to Present at The MicroCap Conference on October 1st and 2nd in New York City at the Essex House

written by Raj Shah | September 24, 2018

✖ September 24, 2018 ([Source](#)) – Western Uranium (OTCQX: WSTRF, CNSX: WUC) will be presenting at this year's MicroCap Conference on October 1st and 2nd in New York City. The Company will be presenting at 3:00pm on Monday, October 1st at Track 4.

ABOUT WESTERN URANIUM

Western Uranium Corporation is a Colorado based uranium and vanadium conventional mining company. Led by George Glasier, who has over 30 years of experience in the uranium industry, the Company is focused on low cost near-term production of uranium and vanadium in the western United States, and development and application of its ablation mining technology (AMT). Western holds exclusive rights and patents to use AMT – a proven technology that improves the mining efficiency of sandstone hosted uranium deposits, which lowers waste generation and reduces costs.

CONFERENCE OVERVIEW AND STRUCTURE

The MicroCap Conference is an exclusive event for investors who specialize in small and microcap stocks. It is an opportunity to be introduced to and speak with management at some of the most attractive small companies, learn from various expert panels, and mingle with other microcap investors.

The MicroCap Conference will take place in New York City at the

Essex House on October 1st and 2nd. Registration will begin on Monday at 7:00AM and will last until the evening. These days will be jam-packed with company presentations, 1-on-1 meetings, roundtables, expert panel discussions, and plenty of time to network with other investors over food and drinks.
