ZEN Graphene Solutions Announces the Launch of Graphene Product Sales

written by Raj Shah | March 2, 2020

March 2, 2020 (Source) – **ZEN Graphene Solutions Ltd.** (TSXV: ZEN) "**ZEN**" or the "**Company**") is pleased to announce the launch of **Albany Pure** ™ graphene products on their website at https://shop.zengraphene.com/. The Company is planning to expand its product line to bring Graphene Quantum Dots, Graphene Oxide, Reduced Graphene Oxide, and other graphene-based products to the market.

"We have reached a major milestone as our 2020 goal is to start bringing in revenue from the production and sale of **Albany Pure** ™ graphene products," stated Francis Dubé, CEO. "Graphene is the new wonder material that is just beginning to be used in many large scale industrial applications and we are entering the graphene sales market at an optimal time."

The Company is ramping up its new lab facility in Guelph, Ontario and is working towards larger-scale graphene production. The graphene precursor material is sourced from the unique, igneous-hosted Albany Graphite Deposit in Northern Ontario. As part of the company's business development plan, ZEN is actively working with several industries to functionalize and test its graphene products in their applications with the potential for subsequent industry partnerships and agreements.

About ZEN Graphene Solutions Ltd.

ZEN is an emerging graphene technology solutions company with a focus on the development of graphene-based nanomaterial products and applications. The unique Albany Graphite Project provides the company with a potential competitive advantage in the graphene market as independent labs in Japan, UK, Israel, USA and Canada have independently demonstrated that ZEN's Albany Pure™ Graphite is an ideal precursor material which easily converts (exfoliates) to graphene, using a variety of mechanical, chemical and electrochemical methods.
